ABOUT LIBERTY FUND

Liberty Fund, Inc., is a private educational foundation established in 1960 to encourage study of the ideal of a society of free and responsible individuals. Among Liberty Fund's activities is the publication of new, authoritative editions of classic works that contribute to this mission. Each Liberty Fund book will reward any general reader's attention; each is a landmark title in its field.

Liberty Fund books are not only beautifully produced but also priced to ensure their availability to all serious readers. Most titles explore some aspect of the interrelationship of liberty and responsibility in individual life, society, governance, or economics. The reading experience itself is further enhanced by Liberty Fund's devotion to rigorous standards of scholarship.

Liberty Fund books can be found in many personal and academic libraries around the world and have been adopted for classroom use by thousands of colleges and universities.

Cover Art: Scenes of banking operations, page from a manual, 1496 (parchment), Spanish School, (15th century) / Archivo de Protocolos Museo Comarcal de Manresa, Spain / Index / Bridgeman Images.

PAYMENT

We accept credit cards (VISA, MasterCard, Discover, and American Express) or checks for orders received in the mail. All checks must be in U.S. funds drawn on a U.S. bank. Phone orders may prepay using credit card, except for customers with established credit. To establish credit, please contact libertyfund@ware-pak.com. Online orders must prepay by credit card.

Examination Copies: Please submit exam copy requests on departmental letterhead to Liberty Fund, Inc., Attn: Customer Support, 8335 Allison Pointe Trail, Ste 300, Indianapolis, IN 46250-1684. You may request up to six examination copies per calendar year.

The Liberty Fund Quality Guarantee: Your satisfaction is our top priority. Every purchase you make from Liberty Fund comes with our 30-day guarantee of quality satisfaction. If for any reason you are not completely satisfied, simply return the book(s) in salable condition and a copy of your invoice within 30 days, and your invoice will be credited or your payment refunded.

The cuneiform inscription that serves as our logo and as a design element in Liberty Fund books is the earliest-known written appearance of the word "freedom" (amagi), or "liberty." It is taken from a clay document written about 2300 B.c. in the Sumerian city-state of Lagash.

TWO ORDERING PLANS MAKE ACQUIRING LIBERTY FUND TITLES EASIER THAN EVER!

A STANDING ORDER PLAN FOR THE NATURAL LAW AND ENLIGHTENMENT CLASSICS SERIES

Order the entire *Natural Law and Enlightenment Classics* series and receive 30% off the list price of each title. We will send each book when it is published. See pages 57–67 of this catalog for series titles that are currently available, or go to http://www.libertyfund.org/naturallaw.asp to view the most up-to-date listing of all the titles in the series.

For Canadian customers, call Scholarly Book Services at 1-800-847-9736 to sign up for this ordering plan today.

2 A LIBRARY APPROVAL PLAN (INSTITUTIONAL LIBRARIES ONLY)

Signing up for *Liberty Fund's Library Approval Plan* will allow you to purchase all of our forthcoming titles (approximately 10 per year) at a 30% discount. Or, select from the following subject areas (American History, Classical Studies, Economics, Education, European History, Law, Modern Political Philosophy, and/or DVDs) and receive all books we publish in your choice of subject areas.

HOW TO SIGN UP FOR AN ORDERING PLAN:

- Call our Customer Support Department to sign up for one of these ordering plans today: 1-800-368-7897 x 6069 or 1-317-842-0880 x 6069.
- 2. Select a preferred binding format—cloth or paperback—if a title is available in both formats.
- 3. Specify the first title with which you would like to begin the plan.
- 4. As we publish new titles, you will receive an automatic shipment each time a new Liberty Fund title is released. You can cancel at any time.
- 5. Call Customer Service for convenient payment options.
- 6. Books may be returned within 30 days if you are not completely satisfied, no questions asked.

Signing up for one of Liberty Fund's ordering plans will save you time and money.

- Save 30% off the list price of all titles!
- Automatic shipment of all new titles!
- Save time and effort! You will never have to worry about checking what titles you already have in your collection.
- Our 100% Satisfaction Guarantee means you have nothing to risk!

For more information, or to sign up for one of Liberty Fund's Ordering Plans, call our Customer Support Department at 1-800-368-7897 x 6069 or 317-842-0880 x 6069 or email books@libertyfund.org today.

ENCYCLOPEDIC LIBERTY

Political Articles in the Dictionary of Diderot and D'Alembert

By Denis Diderot and Jean Le Rond d'Alembert

Edited by Henry C. Clark

Translated by Henry C. Clark and Christine Dunn Henderson

of the French Enlightenment, the *Encyclopédie* was collected not only to serve as a comprehensive reference work, but to "change the way men think" about every aspect of the human and natural worlds. In his celebrated "Preliminary Discourse" to the compilation, d'Alembert traced an entire history of modern philosophy and science designed to chart the way toward a sweeping Baconian project of improving the world through usable knowledge.

This anthology is the first to bring together the most significant political writing from the entire twenty-million-word compendium and includes eighty-one of the most controversial and representative articles on political ideas, practices, and institutions, many translated into English for the first time. The articles cover the foundations of political order, the relationship between natural and civil liberty, the different types of constitutional regimes, the role of the state in economic and religious affairs, and the boundaries between manners, morals, and laws. In addition to Diderot's early and important "Political Authority," "Citizen," and "Natural Right," the anthology introduces the tireless figure of Louis de Jaucourt whose numerous articles did much to solidify the new political teachings of the natural-law tradition. Encyclopedic Liberty contains a panoramic lexicon of the political discourse of the middle of the eighteenth century in Europe's leading country, on the very eve of the age of Atlantic revolutions.

Henry C. Clark is a Visiting Professor in the Political Economy Project at Dartmouth College.

Christine Dunn Henderson is a Senior Fellow at Liberty Fund.

EARLY ECONOMIC THOUGHT IN SPAIN, 1177–1740

By Marjorie Grice-Hutchinson

Early Economic Thought in Spain was published in 1978, and in her Foreword the author mentions that the discussion of long-term inflation in Spain from the sixteenth to the eighteenth centuries ought to be of interest since "we live in a time of inflation." The book can also be read as a history of Spanish responses to the decline of empire. At a number of points the author indicates that her study can be understood as a supplement to Joseph Schumpeter's History of Economic Analysis (1954).

The chief contribution of this book is a review and summary of the development of economic thinking from the earliest days until about 1740 in one of the most important countries of Europe. Even though, or maybe because, Spain was in decline much of the last two centuries of this period, we are provided, as it were, with a ring-side seat for watching intellectuals come to terms with the forces behind such decline. Some of it, such as inflation, debt-financing, military overextension, mercantilist protectionism, the preference of elites for their own economic benefit at the expense of the state, will be familiar to readers who are aware of the economic history of the last hundred years. If the distant mirror of history can help us avoid repeating the mistakes of the past, here is one place to find it.

This book is dedicated to the memory of Leonard Liggio (1933–2014).

Marjorie Grice-Hutchinson taught Spanish at King's College, London, was head of the Spanish department and lecturer in Spanish at Birkbeck College, London University, and taught at the London School of Economics, where she received her Ph.D on the monetary theory of the School of Salamanca under the supervision of F. A. Hayek.

Available July 2015. 6 x 9. Approx. 496 pages. Editor's introduction, translator's note, annotations, index. Cloth. ISBN 978-0-86597-854-6. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-856-0. \$14.50 / £10.95 / C\$19.50.

April 2015. 6 x 9. 782 pages.
Acknowledgements, document chronology, note to the reader, introduction, appendix, notes, selected bibliography, index.
Paperback. ISBN 978-0-86597-889-8. \$22.00 / £17.95 / C\$29.75.

Available October 2015. 574 pages. Introduction, note on the texts, James Otis chronology, section introductions (headnotes), annotations, Latin translations, bibliography and suggested readings, index.

COMMENTARY ON FILANGIERI'S WORK

By Benjamin Constant

Edited and Translated by Alan S. Kahan

ommentary on Filangieri's Work addresses the principal political and social questions that Benjamin Constant, one of the most important liberal thinkers of the nineteenth century, ever discussed. This translation will help give the work its deserved importance in political theory.

Commentary is founded on the view that government should maintain a strictly limited role in society: "The functions of government are purely negative. It should repress disorder, eliminate obstacles, in a word, prevent evil from arising. Thereafter one can leave it to individuals to find the good."

Alan S. Kahan is Professor of British Civilization at the Université de Versailles/St. Quentin-en-Yvelines in France.

THE DECLARATION OF INDEPENDENCE IN HISTORICAL CONTEXT

American State Papers, Petitions, Proclamations, & Letters of the Delegates to the First National Congresses

Compiled, Edited, and Introduced by Barry Alan Shain

For more than a century scholars have analyzed and interpreted the meaning and context of the Declaration of Independence.

This collection helps in understanding the Declaration and the Revolutionary War against the backdrop of hundreds of continental-level congressional papers and the debates and correspondence of those attending the first national congresses.

Barry Alan Shain is Professor and Chair of the Political Science department at Colgate University.

COLLECTED POLITICAL WRITINGS OF JAMES OTIS

By James Otis

Edited and with an Introduction by Richard Samuelson

The writings of James Otis arguably had more influence in America and England before 1774 than those of any other American except John Dickinson. John Adams pointed to Otis as the first man to have plumbed the depths of the argument between Britain and the Anglo-American colonies. Anyone who wishes to understand the American Revolution, the American founding, and American political thought would benefit greatly from reading Otis's political writings.

Otis's writings tackle enduring themes of American politics: the rule of law, individual rights, and federalism. Otis saw that the problem facing the Anglo-American colonists was the difficulty of reconciling their rights as British subjects, and as men, with continued participation in the British Empire. His proposed solution, a federally structured empire, with a proportionate number of Anglo-American representatives in the Parliament in London and the continued presence of Anglo-American governments, was unacceptable to almost everyone else at the time.

James Otis (1725–1783) was a highly regarded attorney, practicing first in Plymouth and then in Boston. In the early 1760s, he became leader of the Patriot Party in Massachusetts.

Available June 2015. 6 x 9. 176 pages. Introduction, index. Cloth. ISBN 978-1-61487-874-4. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-1-61487-875-1. \$14.50 / £10.95 / C\$19.50.

Available February 2016. 6 x 9. Approx. 312 pages. Foreword, introduction, index. Cloth. ISBN 978-0-86597-891-1. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-892-8. \$14.50 / £10.95 / C\$19.50.

ESSAY ON THE NATURE OF TRADE IN GENERAL

By Richard Cantillon

Edited and with an Introduction by Antoin E. Murphy

The Liberty Fund edition is a modernized translation of Richard Cantillon's *Essai sur la nature du commerce en général* (1755) with a new introduction by Antoin E. Murphy. In the *Essay*, Cantillon outlined an extraordinary model-building approach showing how the economy could be built up, through progressive stages, from a command, barter, closed economy to a market economy, which uses money and is open. Though written in the eighteenth century, the *Essay* has a considerable resonance for a twenty-first-century audience.

Antoin E. Murphy is Emeritus Professor of Economics and Fellow of Trinity College Dublin.

AUSTRIAN SUBJECTIVISM AND THE EMERGENCE OF ENTREPRENEURSHIP THEORY

By Israel Kirzner

Edited by Peter J. Boettke and Frédéric Sautet

This volume comprises several of Kirzner's previously published papers on the subjects of methodological subjectivism and the history of entrepreneurship theory—topics of primary importance in Kirzner's economic thought because one cannot fully understand entrepreneurship theory without considering subjectivism.

Peter J. Boettke is University Professor of Economics and Philosophy at George Mason University and the BB&T Professor for the Study of Capitalism at the Mercatus Center.

Frédéric Sautet is an economist and a specialist of Austrian market process theory. He has taught at The Catholic University of America, George Mason University, New York University, and the University of Paris Dauphine.

MONEY, METHOD, AND THE MARKET PROCESS

By Ludwig von Mises

Edited by Bettina Bien Greaves

After Ludwig von Mises's death in 1973, his wife, Margit von Mises, went through his unpublished and out-of-print essays and selected twenty-one of the essays for publication. The result was *Money, Method, and the Market Process*, published in 1990 by Kluwer Academic Publishers and the Ludwig von Mises Institute and reissued now by Liberty Fund.

In his introduction to the book, Richard Ebeling describes it as a "convenient composite of 'Misesian economics.'" He says that the essays here touch on "almost every aspect of economic and social theory that Mises considered of paramount importance."

The essays were written from the 1930s to the 1960s, so they serve as a wide sampling of Mises's thought on a range of subjects, and they are arranged thematically.

Ludwig von Mises (1881–1973) was the leading spokesman of the Austrian School of economics throughout most of the twentieth century.

Bettina Bien Greaves is a former resident scholar and trustee of the Foundation for Economic Education and was a senior staff member at FEE from 1951 to 1999.

2010. 6 x 9. 258 pages.

Editor's introduction, suggested further reading, chronology of Locke's life, notes on the texts, annotations, index. Cloth. ISBN 978-0-86597-790-7. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-791-4. \$14.50 / £10.95 / C\$19.50.

2011. 6 x 9. 450 pages.

THE THOMAS HOLLIS LIBRARY

Thomas Hollis (1720–1774) was a businessman and philanthropist who gathered books he thought were essential to the understanding of liberty and donated them to libraries in Europe and America in the years preceding the American Revolution.

A LETTER CONCERNING TOLERATION AND OTHER WRITINGS

By John Locke

Edited and with an Introduction by Mark Goldie

This volume opens with Locke's Letter Concerning Toleration (1689) and also contains his earlier Essay Concerning Toleration (1667), extracts from the Third Letter for Toleration (1692), and a large body of his briefer essays and memoranda on this theme.

This edition provides the annotated modern edition of *A Letter Concerning Toleration*, offering explanatory guidance to Locke's references and allusions.

Mark Goldie is Reader in British Intellectual History at the University of Cambridge.

AN ACCOUNT OF DENMARK

With Francogallia and Some Considerations for the Promoting of Agriculture and Employing the Poor

By Robert Molesworth

Edited and with an Introduction by Justin Champion

This edition of *An Account of Denmark* is the first modern edition of Molesworth's writings. This volume presents *An Account*, and his translation of *Francogallia* and *Some Considerations for the Promoting of Agriculture and Employing the Poor.*

Justin Champion is Chair of the History Department at Royal Holloway, University of London.

THE EXCELLENCIE OF A FREE-STATE

Or, The Right Constitution of a Commonwealth

By Marchamont Nedham

Edited and with an Introduction by Blair Worden

This edition brings back into print, after two and a half centuries, the pioneering work of English republicanism, Marchamont Nedham's *The Excellencie of a Free-State*, which was written in the wake of the execution of King Charles I.

First published in 1656, and compiled from previously written editorials in the parliamentarian newsbook *Mercurius Politicus*, *The Excellencie of a Free-State* addressed a dilemma in English politics, namely, what kind of government should the Commonwealth adopt?

Blair Worden is Emeritus Fellow of St. Edmund Hall, Oxford.

REFLECTIONS ON THE RISE AND FALL OF THE ANCIENT REPUBLICKS

Adapted to the Present State of Great Britain

By Edward Wortley Montagu

Edited and with an Introduction by David Womersley

ontagu's warnings in Reflections on the Rise and Fall of the Ancient Republicks are unusual in that each of the five states he examines supplies a separate lesson adapted to the needs of Britain during the crisis.

In the end, it was the Epicurean atheism of the Roman upper classes that gave the coup de grâce to the Roman state—an interpretation of Roman decline that paves the way for Montagu's censure of British irreligion in his own day.

This is the first modern edition of Montagu's work.

David Womersley, Series General Editor, is Thomas Warton Professor of English Literature at the University of Oxford.

2014. 6 x 9. 504 pages. Introduction, note on the contributors, index. Quality paperback. ISBN 978-0-86597-870-6. $$12.00 \times .95 / C16.25

2009. 6 x 9. 3,360 pages.

TOCQUEVILLE'S VOYAGES

The Evolution of His Ideas and Their Journey Beyond His Time

Edited and with an Introduction by Christine Dunn Henderson

Tocqueville's Voyages is a collection of newly written essays by some of the most well-known Tocquevillian scholars today. The essays in the first part of the volume explore the development of Tocqueville's thought, his intellectual voyage during his trip to America and while writing Democracy in America. The second part of the book focuses on the dissemination of Tocqueville's ideas beyond the Franco-American context of 1835–1840 in places such as Argentina, Japan, and Eastern Europe.

Christine Dunn Henderson is a Senior Fellow at Liberty Fund.

DEMOCRACY IN AMERICA DE LA DÉMOCRATIE EN AMÉRIQUE

In Four Volumes

By Alexis de Tocqueville Edited by Eduardo Nolla

Translated by James T. Schleifer

In 1831, Alexis de Tocqueville and his friend, Gustave de Beaumont, visited the United States. From Tocqueville's notes of what he had seen and heard came the classic text *De la Démocratie en Amérique*, published in two large volumes, the first in 1835, the second in 1840. The first volume focused primarily on political society; the second, on civil society.

The Liberty Fund bilingual *Democracy* in *America* includes Eduardo Nolla's critical edition of the French text and notes on the left-hand pages and James Schleifer's English translation, with notes, on the right. This is the fullest historical critical edition of the *Democracy*, and the notes offer an extensive selection of early outlines, drafts, manuscript variants, unpublished fragments, and other materials.

DEMOCRACY IN AMERICA

In Two Volumes

By Alexis de Tocqueville Edited by Eduardo Nolla

Translated by James T. Schleifer

In 1831, Alexis de Tocqueville and Gustave de Beaumont spent nine months in the U.S. studying American prisons on behalf of the French government. They investigated not just the prison system but indeed every aspect of American public and private life—the political, economic, religious, cultural, and above all the social life of the young nation. From Tocqueville's copious notes came *Democracy in America*.

This English-only edition of *Democracy in America* features Eduardo Nolla's incisive notes to James Schleifer's English translation of the French text, with an extensive selection of early outlines, drafts, manuscript variants, marginalia, unpublished fragments, and other materials: "This new *Democracy* is not only the one that Tocqueville presented to the reader of 1835, then to the reader of 1840 . . . the reader will see how Tocqueville proceeded with the elaboration of the main ideas of his book."

Alexis de Tocqueville (1805–1859) was a French writer and politician.

Eduardo Nolla is a Professor at the Universidad San Pablo-CEU, Madrid.

James T. Schleifer is emeritus Dean of the Library and Professor of History at the College of New Rochelle and has been a visiting lecturer at Yale University.

2012. 6 x 9. 808 pages. Note on the text, translator's note, note on currency, acknowledgments, illustrations, thematic table, concordance, bibliography, index.

Cloth. ISBN 978-0-86597-824-9. \$27.00 / £22.95 / C\$36.50. Paperback. ISBN 978-0-86597-825-6. \$14.50 / £10.95 / C\$19.50.

2004. 6 x 9. 308 pages. Foreword, introduction, annotations, index. Cloth. ISBN 978-0-86597-442-5. \$29.00 / £23.95 / C\$39.25. Paperback. ISBN 978-0-86597-443-2. \$14.50 / £10.95 / C\$19.50.

TWO-VOLUME SET

1995. 6 x 9. 1,064 pages. Volume I. 530 pages.

Introduction, publishing history, editor's note, a note on the dates of Cato's Letters, a note on the notes, acknowledgments. Volume II. 534 pages.

Index for both volumes.

Cloth. ISBN 978-0-86597-128-8. \$42.00 / £29.95/set / C\$56.75. Paperback. ISBN 978-0-86597-129-5. \$24.00 / £19.95/set / C\$32.50. **MY THOUGHTS**

By Charles-Louis de Secondat, Baron of La Brède and of Montesquieu

Translated, Edited, and with an Introduction by Henry C. Clark

"This edition, based on Louis Desgraves's 1991 French edition, reveals to Anglophone readers the unvarnished thinking of Montesquieu, who offers his uncensored observations on topics such as court life under Louis XIV, Richelieu's personality, women's role in modern society, the particularities of English customs, and European power politics. Readers should open this book to any page and simply start reading. Summing up: Essential. Lower division undergraduates and above."

-Choice, April 2013

y Thoughts provides a unique window into the mind of one of the undisputed pioneers of modern thought, the author of the 1748 classic, The Spirit of the Laws. From the publication in 1721 of his first masterpiece, Persian Letters, until his death in 1755, Montesquieu maintained notebooks in which he wrote and dictated ideas on a wide variety of topics. Some of the contents are early drafts of passages that Montesquieu eventually placed in his published works; others are outlines or early versions of projected works that were ultimately lost, unfinished, or abandoned. These notebooks provide important insights into his views on a broad range of topics, including morality, religion, history, law, economics, finance, science, art, and constitutional liberty. They appear in their entirety in English for the first time in this Liberty Fund edition.

Henry C. Clark is a Visiting Professor in the Political Economy Project at Dartmouth College. He has written two books and numerous articles.

mainly on the French and Scottish Enlightenments.

A 2013 *Choice* Outstanding Academic title.

CATO: A TRAGEDY, AND SELECTED ESSAYS

By Joseph Addison

Edited by Christine Dunn Henderson and Mark E. Yellin

Foreword by Forrest McDonald

First produced in 1713, Cato: A Tragedy inspired generations toward a pursuit of liberty. Liberty Fund's new edition of Cato: A Tragedy, and Selected Essays brings together Addison's dramatic masterpiece along with a selection of his essays that develop key themes in the play.

Christine Dunn Henderson is a Senior Fellow at Liberty Fund.

Mark E. Yellin is a Fellow at Liberty Fund.

CATO'S LETTERS

Essays on Liberty Four Volumes in Two

By John Trenchard and Thomas Gordon

Edited and Annotated by Ronald Hamowy

Almost a generation before Washington, Henry, and Jefferson were even born, two Englishmen, concealing their identities with the honored ancient name of Cato, wrote newspaper articles condemning tyranny and advancing principles of liberty that immensely influenced American colonists. The Englishmen were John Trenchard and Thomas Gordon.

John Trenchard (1662–1723) devoted himself to writing on contemporary British politics and for one year was a Member of Parliament from Taunton.

Thomas Gordon (ca. 1695–1750) was a tutor in languages, a publisher, and a pamphleteer.

Ronald Hamowy was Professor Emeritus of Intellectual History at the University of Alberta, Edmonton.

ESSAYS, MORAL, POLITICAL, AND LITERARY

Revised Edition

By David Hume

Edited by Eugene F. Miller

"With this splendid, but inexpensive, new critical edition by Eugene Miller, the door is open to a richer notion of Hume's conception of philosophy."

—Donald Livingston, Emory University

This edition contains the thirty-nine essays included in *Essays, Moral, Political, and Literary* that made up Volume I of the 1777 posthumous *Essays and Treatises on Several Subjects*. It also includes ten essays that were withdrawn or left unpublished by Hume for various reasons.

Eugene F. Miller was Professor of Political Science at the University of Georgia from 1967 until his retirement in 2003.

POLITICAL WRITINGS

By Samuel Johnson Edited by Donald J. Greene Volume 10 of The Yale Johnson

The eighteenth century produced a remarkable array of thinkers whose influence in the development of free societies and free institutions is incalculable. Among these thinkers were Mandeville, Hutcheson, Smith, Hume, and Burke: their time is known as the Age of Johnson. Samuel Johnson: Political Writings contains twentyfour of Johnson's essays on the great social, economic, and political issues of his time. These include "Taxation No Tyranny"—in which Johnson defended the British Crown against the American revolutionaries—and "An Introduction to the Political State of Great Britain," "Thoughts on the Coronation of King George III," and "The Patriot," which is one of Johnson's principal writings during the American Revolution.

THE FABLE OF THE BEES

or Private Vices, Publick Benefits In Two Volumes

By Bernard Mandeville

With a Commentary by F. B. Kaye

"Mandeville is the wittiest and shrewdest philosopher ever to make a significant impact upon economics. He anticipated Oscar Wilde in choosing his enemies with great care, and within his own century they included David Hume, Adam Smith, and Francis Hutcheson. He could afford even such enemies because his friends and admirers have been legion."

— George J. Stigler, University of Chicago

It used to be that everyone read the "notorious" Bernard Mandeville (1670–1733). He was a great satirist and came to have a profound impact on economics, ethics, and social philosophy.

The Fable of the Bees begins with a poem and continues with a number of essays and dialogues. It is all tied together by the startling and original idea that "private vices" (self-interest) lead to "publick benefits" (the development and operation of society).

From that simple beginning, Mandeville saw that orderly social structures (such as law, language, the market, and even the growth of knowledge) were a spontaneous growth developing out of individual human actions.

CHARACTERISTICKS OF MEN, MANNERS, OPINIONS, TIMES

Three-Volume Slipcased Set, with Illustrations

By Anthony Ashley Cooper, Third Earl of Shaftesbury

Foreword by Douglas Den Uyl

"Between 1711 and 1713, Shaftesbury designed and commissioned a series of frontispieces for each of the works compiled in Characteristicks. These marvelous engravings were included in the posthumous second edition. Shaftesbury . . . used the frontispieces to highlight the continuity of arguments amidst a doctrinally diverse and formally amorphous collection. . . . The Liberty Fund holds that Shaftesbury's aesthetic views offer a key to his entire philosophy. Their edition consequently reproduces the images with all the clarity and depth of the originals. . . ."

Essays in Criticism—January 2004

The Liberty Fund edition of *Characteristicks* presents the complete 1732 text of this classic work of philosophy and political theory. Also included are faithful reproductions of the stirring engravings that Shaftesbury designed to facilitate the reader's consideration of his meditations on the interrelationships among truth, goodness, beauty, virtue, liberty, responsibility, society, and the state.

The grandson of a founder and leader of the English Whigs, and tutored by John Locke, Anthony Ashley Cooper, the Third Earl of Shaftesbury (1671–1713), wrote one of the most intellectually influential works in English of the eighteenth century. This was the three-volume *Characteristicks*, originally published in 1711, but revised in 1714 to accommodate the engravings of illustrations that Shaftesbury himself planned to aid the reader's consideration of his reflections on virtue as a kind of rationally achieved harmony among the affections.

Douglas Den Uyl is Vice President of Educational Programs for Liberty Fund.

CONSIDERATIONS ON THE PRINCIPAL EVENTS OF THE FRENCH REVOLUTION

By Germaine de Staël

Edited and with an Introduction by Aurelian Craiutu

Considerations on the Principal Events of the French Revolution was a winner in the Scholarly/Reference category at the Chicago Book Clinic's 2009

Book & Media Show.

rmaine de Staël's voice, which

Napoleon Bonaparte tried to silence by censorship and banishment, is a unique and important contribution to revolutionary historiography. *Considerations on the Principal Events of the French Revolution*, considered Madame de Staël's magnum opus, became a classic of liberal thinking, making a deeply original contribution to an ongoing political and historical debate in early nineteenth-century France and Europe.

Germaine de Staël (1766–1817) rose to fame as a novelist, critic, political thinker, sociologist of literature, and autobiographer.

PRINCIPLES OF POLITICS APPLICABLE TO ALL GOVERNMENTS

By Benjamin Constant

Translated by Dennis O'Keeffe

Edited by Etienne Hofmann

Introduction by Nicholas Capaldi

In *Principles of Politics*, first published in 1815, Constant explores the subjects of law, sovereignty, and representation; power and accountability; government, property and taxation; wealth and poverty; war, peace, and the maintenance of public order; and freedom, of the individual, of the press, and of religion.

1995. 6 x 9. 302 pages.

POLITICA

By Johannes Althusius

Translated, Abridged, and with an Introduction by Frederick S. Carney

Foreword by Daniel J. Elazar

prawing deeply from Aristotle and biblical teaching, *Politica* presents a unique vision of the commonwealth as a harmonious ordering of natural associations. According to Althusius, the purpose of the state is to protect and encourage social life. The family is the most natural of human associations, and all other unions derive from it. Power and authority properly grow from more local to more general associations.

Johannes Althusius (1557–1638) was a German political and legal philosopher.

Frederick S. Carney was Professor Emeritus of Ethics at the Perkins School of Theology, Southern Methodist University.

Daniel J. Elazar was Director of the Center for the Study of Federalism at Temple University and Professor of Political Science at Temple and at Bar Ilan University in Israel.

AREOPAGITICA AND OTHER POLITICAL WRITINGS OF JOHN MILTON

By John Milton

Foreword by John Alvis

John Milton published several revolutionary manifestos, two works defending regicide, and of course the famous *Areopagitica*, or defense of freedom of expression and the press against censorship. John Alvis has collected into a superb one-volume edition all of Milton's political writings of enduring importance.

John Alvis is Professor of English and Director of the American Studies Program at the University of Dallas.

DISCOURSES CONCERNING GOVERNMENT

By Algernon Sidney

Edited by Thomas G. West

"Sidney's Discourses Concerning Government was a major inspiration to those who fought for the freedom and independence of Americans. It is a crime that the work and its author should have gone so long in hibernation."

—Laissez Faire Books

"This new edition arrives just as scholars are rediscovering the real Algernon Sidney. If there is any more important tract on liberty from this period not readily available in print, I do not know it. It has been unobtainable for decades. This new edition, attractively presented with helpful annotations, is thus more than usually welcome."

—John Morrill, Cambridge University

ritten in response to Sir Robert Filmer's *Patriarcha* (1680), the *Discourses Concerning Government* by Algernon Sidney (1623–1683) has been treasured for more than three centuries as a classic defense of republicanism and popular government.

Algernon Sidney (1622-1683) was a radical English republican political theorist who challenged Sir Robert Filmer's theory of the divine right of kings. He was executed for treason in 1683.

Thomas G. West is Paul and Dawn Potter Professor of Politics at Hillsdale College.

LIBERTY, EQUALITY, FRATERNITY

By James Fitzjames Stephen Edited by Stuart D. Warner

Students of political theory will welcome the return to print of this brilliant defense of ordered liberty. Impugning John Stuart Mill's famous treatise, *On Liberty*, Stephen criticized Mill for turning abstract doctrines of the French Revolution into "the creed of a religion."

Only the constraints of morality and law make liberty possible, warned Stephen, and attempts to impose unlimited freedom, material equality, and an indiscriminate love of humanity will lead inevitably to coercion and tyranny. Liberty must be restrained by custom and tradition if it is to endure; equality must be limited to equality before the law if it is to be just; and fraternity must include actual men, not the amorphous mass of mankind, if it is to be real and genuine.

ON LIBERTY, SOCIETY, AND POLITICS

The Essential Essays of William Graham Sumner

Edited by Robert C. Bannister

William Graham Sumner is the "forgotten man" of American intellectual history. Too often dismissed or only superficially understood, his interpretations are now attracting closer scrutiny and appreciation. He is remembered chiefly as one of the founding fathers of sociology.

Sumner's analysis of the relation between the individual and society is deeper and more sophisticated than is commonly thought. For students of American history and politics, the essays reveal the complexity of American political and social thought.

Robert C. Bannister is Scheuer Professor Emeritus of History at Swarthmore College.

JOHN RANDOLPH OF ROANOKE

A Study in American Politics Fourth Edition

By Russell Kirk

"This is must reading for the student seeking to grasp a neglected dimension of American history."

-Bernard T. Lomas, Albion College

"Kirk has drawn a superb portrait of a man who fought magnificently to conserve whatever tradition remained in a nation increasingly bent of a blind, blundering pursuit of progress."

—James J. Johnson, Jr., New Oxford Review

John Randolph of Roanoke is unique in American political history. Only twenty-six when first elected to Congress in 1799, he readily became the most forceful figure at the Capitol.

For most of his public career Randolph was a leader of the opposition—to both Jeffersonians and Federalists. He was, writes Russell Kirk, "devoted to state rights, the agricultural interest, economy in government, and freedom from foreign entanglements." Above all things Randolph cherished liberty, and he famously declared, "I love liberty; I hate equality."

Russell Kirk (1918–1994) was the author of some thirty books, including *The Conservative Mind*, and was one of the seminal political thinkers of the twentieth century.

LIBERAL THOUGHT IN ARGENTINA, 1837–1940

Edited and with an Introduction by Natalio R. Botana and Ezequiel Gallo

Translated by Ian Barnett

Iberal Thought in Argentina, 1837–1940 is the first compilation of primary sources that document the history and tradition of liberal thought in Argentina throughout the nineteenth and first half of the twentieth century. With only two exceptions, none of the works have ever been translated into English until now.

Liberal ideas were very important in Argentina from the time of independence. The Argentine constitution (1853–60), in force for a long time, was based on liberal principles taken from both the North American and the European tradition.

The general structure of the collection is chronological, taking the reader through an analysis of different periods of liberal thought in Argentina: from liberalism as opposed to dictatorial rule, to liberalism as the framework of the National Constitution (1852–60). Importance is given to the development of liberalism in government and opposition (1857–1910) and to the last period (1912–40), the twilight of liberalism.

This volume also includes a new introduction, editorial footnotes, a chronology, and brief biographies of the authors of the original texts.

Natalio R. Botana is Emeritus Professor at Universidad Torcuato di Tella, Departamento de Ciencia Política y Relaciones Internacionales, in Buenos Aires, Argentina.

Ezequiel Gallo is Emeritus Professor at Universidad Torcuato di Tella, Departamento de Hitoria, in Buenos Aires, Argentina.

LIBERTY IN MEXICO

Writings on Liberalism from the Early Republican Period to the Second Half of the Twentieth Century

Edited by José Antonio Aguilar Rivera Translated by Janet M. Burke and Ted Humphrey

Liberty in Mexico presents sixty-four essays and writings on liberty and liberalism from the early republican period to the late twentieth century. The first period (1820–1840) comprises the founding of the republic and the early constitutional experiments. The most important authors in this creative and turbulent period were José María Luis Mora, Lorenzo de Zavala, Valentín Gómez Farías, and Lucas Alamán. During the era of liberal hegemony, in the second half of the century (1845–1876), the most significant figures included Mariano Otero, Ignacio Ramírez, Francisco Zarco, Ignacio Manuel Altamirano, Guillermo Prieto, José María Lafragua, and Benito Juárez. The rule of Porfirio Díaz (1876–1912) provided lively debates over the nature of the liberal legacy. The key authors for this period were Justo Sierra, José María Vigil, and Emilio Rabasa. Essays by Jorge Cuesta and Antonio Caso provide a twentiethcentury viewpoint on the subject, and the three selections by Octavio Paz round out and summarize the discussions. The texts in this edition will refute commonly held notions that the liberal project in Latin America had no indigenous roots. The institutions of modern representative government and free-market capitalism were very much part of the founding of Mexico.

José Antonio Aguilar Rivera is a Professor of Political Studies in the Division of Policy Studies department at the Centro de Investigación y Docencia Económicas, A. C. (CIDE) in Mexico.

UNION AND LIBERTY

The Political Philosophy of John C. Calhoun

Edited by Ross M. Lence

alhoun's most important constitutional and political writings are now available as complete, unabridged texts and in a single volume, many for the first time since the 1850s. These writings address such issues as states' rights and nullification, slavery, the growth of the Federal judicial power, and Calhoun's doctrine of the "concurrent majority."

Ross M. Lence was Professor of Political Science at the University of Houston.

THE LIMITS OF STATE ACTION

By Wilhelm von Humboldt Edited by J. W. Burrow

he Limits of State Action has an exuberance and attention to principle that make it a valuable introduction to classical liberal political thought. It is also crucial for an understanding of liberalism as it developed in Europe at the turn of the nineteenth century. Humboldt explores the role that liberty plays in individual development, discusses criteria for permitting the state to limit individual actions, and suggests ways of confining the state to its proper bounds. In so doing, he uniquely combines the ancient concern for human excellence and the modern concern for what has come to be known as negative liberty.

Wilhelm von Humboldt (1767–1835) was described by Friedrich Hayek as "Germany's philosopher of freedom." Humboldt later became Director of the Section for Public Worship and Education, in the Ministry of Interior. In this capacity, he directed the reorganization of the Prussian public education system, and, in particular, founded the University of Berlin.

J. W. Burrow was Professor of History at the University of Sussex.

THE MAN VERSUS THE STATE

With Six Essays on Government, Society, and Freedom

By Herbert Spencer

Introduction by Albert Jay Nock

Foreword by Eric Mack

"This handsome new [Liberty Fund] edition thus comes at an opportune time, and at a time when more and more minds are attuned to what Spencer has to say. The binding and paper are superb, and the price is friendly. This edition adds six Spencer essays to the original four, retains the Albert Jay Nock Introduction and has a helpful new Foreword by philosophy professor Eric Mack. There is also a full index, which earlier editions lacked."

-Edmund A. Opitz, The Freeman

Spencer develops various specific disastrous ramifications of the wholesale substitution of the principle of compulsory cooperation—the statist principle—for the individualist principle of voluntary cooperation. His theme is that "there is in society . . . that beautiful self-adjusting principle which will keep all its elements in equilibrium. . . . The attempt to regulate all the actions of a community by legislation will entail little else but misery and compulsion."

Herbert Spencer (1820–1903) was one of the leading nineteenth-century English radical individualists. He began working as a journalist for the laissez-faire magazine *The Economist* in the 1850s. Much of the rest of his life was spent working on an all-encompassing theory of human development based upon the ideas of individualism, utilitarian moral theory, social and biological evolution, limited government and laissez-faire economics.

2011. 5½ x 8½. 248 pages. Foreword by Jacques Maritain. Cloth. ISBN 978-0-86597-827-0. \$24.00 /£19.95 / C\$32.50. Paperback. ISBN 978-0-86597-828-7. \$14.50 /£10.95 / C\$19.50.

2001. 4% x 7%. 190 pages. Foreword, introduction. Cloth. ISBN 978-0-86597-321-3. \$20.00 / £14.95 / C\$27.00. Paperback. ISBN 978-0-86597-322-0. \$12.00 / £8.95 / C\$16.25.

2007. 6 x 9. 138 pages. Foreword, acknowledgments, index. Quality paperback. ISBN 978-0-86597-669-6. \$12.00 / £8.95 / C\$16.25.

SCHOLASTICISM AND POLITICS

By Jacques Maritain

Scholasticism and Politics, first published in 1940, is a collection of nine lectures Maritain delivered at the University of Chicago in 1938. Maritain championed the cause of what he called personalist democracy—a regime committed to popular sovereignty, constitutionalism, limited government, and individual freedom. He believed a personalist democracy offered the modern world the possibility of a political order most in keeping with the demands of human dignity, Christian values, and the common good.

Jacques Maritain (1882–1973) was a French political thinker and philosopher and is widely recognized as one of the most influential interpreters of Thomistic thought to modern culture.

TEMPORAL AND ETERNAL

By Charles Péguy

Translated and with an Introduction by Alexander Dru

Foreword by Pierre Manent

Temporal and Eternal is a profound and poetic assessment of the relationship between tradition and liberty, between politics and society, and between Christianity and the modern world. This edition includes a new foreword by Pierre Manent, Professor of Political Science at the Centre de Recherches Politiques Raymond Aron in Paris.

The relationships this book explores are as relevant as they were when French poet and essayist Charles Péguy addressed them in "Memories of Youth" and "Clio I," the two essays in this volume.

The brevity, beauty, and timeless relevance of Péguy's prose make this volume attractive for historians, scholars, and laymen.

THE MORAL FOUNDATION OF DEMOCRACY

By John H. Hallowell

"Thoughtful and thought-provoking, The Moral Foundation of Democracy is very highly recommended and rewarding for students of political science and philosophy."

—The Midwest Book Review

"The Moral Foundation of Democracy is a cogent defense of American-style democracy and of the classical theories that have helped to produce and preserve it. Hallowell's defense of moral order and human rational capacity is as necessary as a corrective against the excesses of modern relativism and skepticism and their deleterious effects as when it was first published in 1965. . . . Liberty Fund's on-going enterprise of reproducing classic texts concerning freedom deserves praise. The struggle for liberty is one that must be waged anew by each generation. The writings of past advocates of freedom, however contradictory in some respects, can provide valuable armaments for today's advocates and, perhaps more importantly can serve to remind those inclined to take for granted the blessing of liberty of the continuing importance of the struggle."

—Carl J. Richard, International Journal of the Classical Tradition

ith *The Moral Foundation of Democracy*, John H. Hallowell makes a significant argument in favor of the importance of moral values in the orderly functioning of modern democracies.

Hallowell argues that developments in recent democratic thought have eroded the very "faith" upon which democracy rests, namely, that man is a reasonable, moral, and spiritual actor. He sharply criticizes positivist thought and moral relativism as direct challenges to the notion that transcendent truths guide individuals in their actions and influence how people participate in a democratic society.

John H. Hallowell (1914–1991) taught political science for forty years at Duke University and was chair of the department from 1964 to 1971.

1990. $5\frac{1}{2} \times 8\frac{1}{4}$. 118 pages. Foreword and preface to the first edition, introduction, appendix, index. Cloth. ISBN 978-0-86597-084-7. \$18.00 / \$13.95 / C\$24.50.

THE ETHICS OF REDISTRIBUTION

By Bertrand de Jouvenel Introduction by John Gray

In this concise and elegant work, first published in 1952, Bertrand de Jouvenel purposely ignores the economic evidence that redistributional efforts sap incentives and are economically destructive. Rather, he stresses the commonly disregarded ethical arguments showing that redistribution is ethically indefensible for, and practically unworkable in, a complex society.

Bertrand de Jouvenel was an author and teacher, first publishing *On Power* in 1945.

John Gray is Professor Emeritus of European Thought at the London School of Economics.

ON POWER

The Natural History of Its Growth

By Bertrand de Jouvenel

Foreword by D. W. Brogan

Translated by J. F. Huntington

Documenting the process by which government and controlling majorities have grown increasingly powerful and tyrannical, Bertrand de Jouvenel demonstrates how democracies have failed to limit the powers of government. Jouvenel traces this development to the days of royal absolutism, which established large administrative bureaucracies and thus laid the foundation of the modern omnipotent state.

SOVEREIGNTY

An Inquiry into the Political Good

By Bertrand de Jouvenel

Translated by J. F. Huntington

Foreword by Daniel J. Mahoney and David DesRosiers

ho decides? Who is the Sovereign? What is a good act? In quest of answers to these vitally important questions, Bertrand de Jouvenel examines successively the nature and history of authority, the political good, the sovereign, and liberty. His concern is with "the prospects for individual liberty in democratic societies in which sovereignty purportedly resides in the whole people of the body politic." His objective is a definition and understanding of "the canons of conduct for the public authority of a dynamic society."

Daniel J. Mahoney is Associate Professor of Politics at Assumption College.

David DesRosiers is Executive Vice President at the Manhattan Institute.

THE PURE THEORY OF POLITICS

By Bertrand de Jouvenel

Foreword by Daniel J. Mahoney

This is the final volume in Jouvenel's magnum opus, the trilogy that begins with *On Power*, moves to *Sovereignty*, and concludes with *The Pure Theory of Politics*. In this volume, Bertrand de Jouvenel proposes to remedy a serious deficiency in political science: "the lack of agreement on first principles, or 'elements." The author's concern is with political processes as they actually exist, not as they are conjectured to be in hypothetical models.

THE LOGIC OF LIBERTY

Reflections and Rejoinders

By Michael Polanyi

Foreword by Stuart D. Warner

A chemist and member of a family renowned for its learning in several disciplines, Michael Polanyi experienced first-hand the horrors of totalitarian government and worldwide war. He argued that centrally planned organizations—or governments—based solely on the methods of science threaten to foreclose a full human knowledge of the mysteries of existence and therefore pose a direct threat not only to academic freedom, but also to social and political liberty.

Michael Polanyi (1891–1976) was an internationally renowned scientist, philosopher, and professor whose other works include *Personal Knowledge* and *The Tacit Dimension*.

Stuart D. Warner is Associate Professor of Philosophy at Roosevelt University, Chicago, Illinois.

IN DEFENSE OF TRADITION

Collected Shorter Writings of Richard M. Weaver, 1929–1963

Edited and with an Introduction by Ted J. Smith III

Richard M. Weaver, a thinker and writer celebrated for his unsparing diagnoses and realistic remedies for the ills of our age, is known largely through a few of his works that remain in print.

This new collection of Weaver's shorter writings, assembled by Ted J. Smith III, Weaver's leading biographer, presents many long-out-of-print and never-before-published works that give new range and depth to Weaver's sweeping thought.

Ted J. Smith III was Professor of Mass Communications at Virginia Commonwealth University.

LEISURE THE BASIS OF CULTURE

By Josef Pieper

Translated by Alexander Dru Introduction by T. S. Eliot

"Pieper now has many more books in English, but Leisure has remained his most famous; it came to be regarded as a classic precisely because it so freshly articulated a classic notion of philosophy."

—First Things

This elegantly written work introduces the reader to an understanding that leisure is nothing less than "an attitude of mind and a condition of the soul that fosters a capacity to perceive the reality of the world." Pieper demonstrates that "Leisure has been, and always will be, the first foundation of any culture," and observes, "in our bourgeois Western world total labor has vanguished leisure. Unless we regain the art of silence and insight, the ability for nonactivity, unless we substitute true leisure for our hectic amusements, we will destroy our culture—and ourselves."

Josef Pieper (1904–1997) was an influential German Catholic philosopher, scholar, and author.

1997. 6 x 9. 410 pages. Introduction, editor's note, acknowledgments, bibliography, index.

THE VIRTUE OF CIVILITY

Selected Essays on Liberalism, Tradition, and Civil Society

By Edward Shils

Edited by Steven Grosby

Edward Shils was one of the leading intellectual defenders of freedom in the twentieth century. In these nine essays, he explores the importance of civility and tradition to a free society. The essays' significance is enormous, for Shils was one of the first and assuredly one of the most courageous writers to examine the nature of civility and civil society and their relation to a free, ordered, liberal democratic society.

Edward Shils (1910–1995) was Professor of Sociology and Social Thought at the University of Chicago and Honorary Fellow at Peterhouse, Cambridge.

Steven Grosby is an Associate Professor at Clemson University.

THE SOUTHERN ESSAYS OF RICHARD M. WEAVER

Foreword by George Core, Edited and with a Preface by George M. Curtis, III, and James J. Thompson, Jr.

Richard M. Weaver (1910–1963), one of the leading figures in the post-World War II development of an intellectual, self-conscious conservatism, believed that Southern values of religion, work ethic, and family could provide a defense against the totalitarian nihilism of fascist and communist statism.

George M. Curtis, III, is a Professor of American History at Hanover College.

James J. Thompson, Jr., is the author of three books.

"IN DEFENSE OF FREEDOM" AND RELATED ESSAYS

By Frank S. Meyer

Foreword by William C. Dennis

hen it first appeared in 1962, In Defense of Freedom was hailed by Richard M. Weaver as "a brilliant defense of the primacy of the person" and an effective "indictment of statism and bureaucratism." Meyer examines the tension between the freedom of the person and the power of social institutions. In his view, both the dominant Liberalism and the "New Conservatism" of the American tradition place undue emphasis on the claims of social order at the expense of the individual person and liberty.

Frank S. Meyer (1909–1972) was a senior editor of *National Review*.

William C. Dennis is a Senior Fellow, Atlas Economic Research Foundation, and a consultant in philanthropy.

DEMOCRACY AND LEADERSHIP

By Irving Babbitt

Foreword by Russell Kirk

"... one of the few truly important works of political thought."

—Russell Kirk

rving Babbitt was a leader of the intellectual movement called American Humanism, or the New Humanism, and a distinguished professor of French literature at Harvard. *Democracy and Leadership*, first published in 1924, is his only directly political book, and in it he applies the principles of humanism to the civil social order.

Babbitt offers a compelling critique of unchecked majoritarianism and addresses the great problem of how to discover leaders with standards.

2000. $5\frac{1}{2} \times 8\frac{1}{4}$. 184 pages. Foreword, preface, author's note, index. Cloth. ISBN 978-0-86597-290-2. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-291-9. \$14.50 / £10.95 / C\$19.50.

1991. 6×9 . 582 pages. Preface to the first edition, foreword, bibliography, index. Cloth. ISBN 978-0-86597-094-6. \$25.00 / £20.95 / C\$33.75. Paperback. ISBN 978-0-86597-095-3. \$14.50 / £10.95 / C\$19.50.

HOBBES ON CIVIL ASSOCIATION

By Michael Oakeshott

Foreword by Paul Franco

This new collection presents
Michael Oakeshott's four principal
essays on Hobbes and the nature of
civil association as it pertains to ordered
liberty. The foreword by Paul Franco
remarks the place of these essays within
Oakeshott's entire corpus: "Introduction
to Leviathan" (1946); "The Moral Life
in the Writings of Thomas Hobbes"
(1960); "Dr. Leo Strauss on Hobbes"
(1937); and "Leviathan: A Myth"
(1947).

Michael Oakeshott (1901–1990) was Professor of Political Science at the London School of Economics and a Fellow of Gonville and Caius College, Cambridge.

Paul Franco is a Professor in the Department of Government at Bowdoin College.

ON HISTORY AND OTHER ESSAYS

By Michael Oakeshott

Foreword by Timothy Fuller

In five essays, including three on historiography, one of the greatest minds in English political thought in the twentieth century explores themes central to the human experience: the nature of history, the rule of law, and the quest for power that is intrinsic to the human condition. Michael Oakeshott believed, as Timothy Fuller observes, that "the historian's effort to understand the past without ulterior motive [is the] effort which distinguishes the historian from all who examine the past for the guidance they expect it to provide about practical concerns."

Timothy Fuller is Professor of Political Science at Colorado College and has published widely on the works of Michael Oakeshott.

THE VOICE OF LIBERAL LEARNING

By Michael Oakeshott

Foreword and Introduction by Timothy Fuller

By 1989, when Michael Oakeshott's *Voice of Liberal Learning* was first published by Yale University Press, books that held a negative view of education in the United States had garnered a remarkable amount of attention.

Oakeshott's approach to the subject is subtle, comprehensive, and radical—in the sense of summoning readers to the root of the matter. That root, Oakeshott believed, is the very nature of learning itself and, concomitantly, the means (as distinct from the method) by which the life of learning is discovered, cultivated, and pursued.

RATIONALISM IN POLITICS AND OTHER ESSAYS

By Michael Oakeshott

Foreword by Timothy Fuller

"It is the breadth of Oakeshott's critique of rationalism, the scope of his skepticism about the role of self-conscious ideals, principles, and purposes in politics, that in many ways distinguishes it from the critiques of his contemporaries."

—The Political Science Reviewer

Rationalism in Politics established the late Michael Oakeshott as the leading conservative political theorist in modern Britain. This expanded collection of essays astutely points out the limits of "reason" in rationalist politics and criticizes ideological schemes to reform society according to supposedly "scientific" or rationalistic principles that ignore the wealth and variety of human experience.

2008. 6 x 9. 400 pages. Introduction, bibliography, index. Quality paperback. ISBN 978-0-86597-707-5. \$12.00/£8.95/C\$16.25.

AMERICA'S SECOND CRUSADE

By William Henry Chamberlin

In this work William Henry Chamberlin offers his perspective as a seasoned journalist on the United States' involvement in World War II. Written only five years after the unconditional surrenders of Germany and Japan, the book is a window into its time.

William Henry Chamberlin (1897–1969) was an American journalist best known for his writings on the Cold War, Communism, and U.S. foreign policy.

THE LIBERAL MIND

By Kenneth Minogue

Kenneth Minogue offers a brilliant and provocative exploration of liberalism in the Western world today. *The Liberal Mind* limns the taxonomy of a way of thinking that constitutes the very consciousness of most people in most Western countries.

Kenneth Minogue (1930–2013) was Emeritus Professor of Political Science at the University of London.

THE ILLUSION OF THE EPOCH

Marxism-Leninism as a Philosophical Creed

By H. B. Acton

The Illusion of the Epoch helps readers to understand the roots of Marxism-Leninism and its implications for philosophy, modern political thought, economics, and history. As Professor Tim Fuller has written, this "is not an intemperate book, but rather an effort at a sustained, scholarly argument against Marxian views."

H. B. Acton (1908–1974) taught at Bedford College (London), the University of Edinburgh, and the University of Chicago.

TWILIGHT OF AUTHORITY

By Robert Nisbet

Foreword by Robert G. Perrin

had, that modern liberal democracy would be spared the kind of erosion and decay that both Plato and Aristotle declared endemic in all forms of state. Now we are not so sure." So wrote Robert Nisbet in the first edition of *Twilight of Authority*, published by Oxford University Press in 1975. "The centralization and, increasingly, individualization of power is matched in the social and cultural spheres by a combined hedonism and egalitarianism, each in its own way a reflection of the destructive impact of power on the hierarchy that is native to the social bond," he writes.

Robert Nisbet (1913–1996) taught at Columbia, the University of California at Berkeley, Smith College, and the University of Bologna.

Robert G. Perrin is Professor of Sociology at the University of Tennessee at Knoxville.

THE PRESENT AGE

Progress and Anarchy in Modern America

By Robert Nisbet

The Present Age challenges readers to reexamine the role of the United States in the world since World War I. Nisbet criticizes Americans for isolationism at home and discusses the gutting of educational standards, the decay of education, the presence of government in all facets of life, the diminished connection to community, and the prominence of economic arrangements driving everyday life in America.

2013. 6 x 9. 324 pages. Prologue, index. Quality paperback. ISBN 978-0-86597-843-0. \$12.00 /£8.95 / C\$16.25.

IN PURSUIT: OF HAPPINESS AND GOOD GOVERNMENT

By Charles Murray

Respected author, scholar, and columnist Charles Murray has long challenged accepted notions of public and social policy issues. In this volume, originally published in 1988, Murray presents a persuasive and practical argument that reconsiders commonly held beliefs of what constitutes success in social policy by examining the scope of government and its role in people's pursuit of happiness.

In Pursuit begins by examining James Madison's statement: "A good government implies two things; first, fidelity to the object of government, which is the happiness of the people; secondly, a knowledge of the means by which that object can best be attained." Murray exhibits a thoughtful, accessible writing style as he considers such basic, important questions as whether individual efforts or government reform should be responsible for dealing with society's problems. Drawing from his minimalistgovernment viewpoint, Murray proposes that government not try to force happiness on the people with federal policies or programs but, rather, that it provide conditions that enable people to pursue happiness on their own.

Murray also proposes that the pursuit of happiness be used as a framework for analyzing the efficacy of public policy, and he comes to the conclusion that Jeffersonian democracy is still the best way to run society, even today's complex society.

Charles Murray is the W. H. Brady Scholar at the American Enterprise Institute for Public Policy Research. He has written numerous books, including Coming Apart, Losing Ground, Real Education, and Human Accomplishment. He is perhaps best known for coauthoring the 1994 New York Times bestseller The Bell Curve with the late Richard J. Herrnstein.

THE SERVILE STATE

By Hilaire Belloc

Introduction by Robert Nisbet

Hilaire Belloc (1870–1953) was one of the most respected men of his day for his learning, insight, wit, and brilliant literary style. Author of over 100 books and articles, Belloc was a journalist, polemicist, social and political analyst, literary critic, poet, and novelist.

ENVY

A Theory of Social Behaviour

By Helmut Schoeck

This classic study is one of the few books to explore extensively the many facets of envy—"a drive which lies at the core of man's life as a social being." Ranging widely over literature, philosophy, psychology, and the social sciences, Professor Schoeck—a distinguished sociologist and anthropologist—elucidates both the constructive and destructive consequences of envy in social life.

THE ENFORCEMENT OF MORALS

By Patrick Devlin

Are morals always relative? Are private actions—among consenting adults—always beyond the law? Or are there some behaviors which so weaken a society that common beliefs about right and wrong must be enforced to protect the common good?

Today, as divisive issues such as samesex marriage and "don't ask, don't tell" confront our legislative, judicial, and executive branches, the views expressed by Devlin in *The Enforcement of Morals* resonate and reverberate anew.

Patrick Devlin (1905–1992) studied history and law at Cambridge University and became a successful lawyer.

THE COLLECTED PAPERS OF ANTHONY DE JASAY

POLITICAL PHILOSOPHY, CLEARLY

Essays on Freedom and Fairness, Property and Equalities

By Anthony de Jasay

Edited and with an Introduction by Hartmut Kliemt

nthony de Jasay, one of the most independent thinkers and influential libertarian political philosophers of our time, challenges the reigning paradigms justifying modern democratic government. The articles collected in **Political Philosophy**, **Clearly** delve deeply into the realm of political thought and philosophical criticism. A reader who is interested in a philosophical, yet clear, jargon-free account of such fundamental topics as the relationship between liberty and justice, the viability of limiting government, the role of property, and the possibilities of the private provision of public goods as well as the private enforcement of public rules will find reading this book rewarding.

Anthony de Jasay is an independent theorist living in France.

Hartmut Kliemt is Professor of Philosophy and Economics at the Frankfurt School of Finance and Management.

SOCIAL CONTRACT, FREE RIDE

A Study of the Public Goods Problem

By Anthony de Jasay

Social Contract, Free Ride is a cogent argument that strikes at the very foundations of traditional economic apologies for coercive action by the state to fulfill necessary public utility.

THE STATE

By Anthony de Jasay

The State is a brilliant analysis of modern political arrangements that views the state as acting in its own interest contrary to the interests of individuals and even of an entire society. As James Buchanan has observed, Jasay subjects the state to a "solid, foundational analysis, grounded in an understanding of economic theory, informed by political philosophy and a deep sense of history."

ECONOMIC SENSE AND NONSENSE

Reflections from Europe, 2008–2012

By Anthony de Jasay Edited by Hartmut Kliemt

Economic Sense and Nonsense comprises a collection of sixty essays written by Anthony de Jasay for his monthly column "Reflections from Europe," on Liberty Fund's Library of Economics and Liberty website.

In this collection Jasay continues his explorations of a number of themes that he developed in his earlier articles, such as the importance of property rights, the role of contracts in economic activity, the proper limitations of the state, and the attitude of intellectuals concerning the regulation of the free market.

Jasay's analysis demonstrates that the post–World War II experiment in building welfare states in Europe will require deep and radical changes in thinking about the nature of free markets and the intended and unintended impact of the regulations they adopt.

2014. 6 x 9. 200 pages. Author's preface, index. Cloth. ISBN 978-0-86597-884-3. \$24.00 / £18.95 / C\$32.50. Paperback. ISBN 978-0-86597-885-0. \$14.50 / £10.95 / C\$19.50.

2002. 6 x 9. 351 pages. Introduction, works cited, index. Quality paperback. ISBN 978-0-86597-977-2. \$12.00/£8.95/C\$16.25.

2010. 6 x 9. 360 pages. Introduction, index. Cloth. ISBN 978-0-86597-777-8. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-778-5. \$14.50 / £10.95 / C\$19.50.

SOCIAL JUSTICE AND THE INDIAN ROPE TRICK

By Anthony de Jasay Edited by Hartmut Kliemt

In this collection of witty and compelling essays, the author challenges what many of today's social and political philosophers widely accept: that social injustice is identified with inequality and social justice with equality. Rather, Jasay argues that justice preempts so-called social justice, so any attempt to adorn equality in the robes of social justice is an illusion, a sleight of hand, "much as the Indian rope in the notorious trick is made to stand up skyward on its own."

The fifteen articles in this collection include both published and unpublished papers written over the years 2008 to 2012. Scholars, students, and general readers will enjoy this collection, which is written with just the right blend of serious scholarship, wit, and plain speaking. In addition, *Social Justice and the Indian Rope Trick* can be seen as a continuation of Jasay's *Political Philosophy, Clearly* (Liberty Fund, 2010) and a companion to his book *Economic Sense and Nonsense* (Liberty Fund, 2014).

JUSTICE AND ITS SURROUNDINGS

By Anthony de Jasay

Anthony de Jasay breaks new ground with *Justice and Its*Surroundings—a collection of trenchant essays that seek to redefine the concept of justice and to highlight the frontier between it and the surrounding issues that encroach upon it and are mistakenly associated with it.

This straightforward and terse book analyzes the roles of collective choice, redistribution, and socialism and the claims that would enlist justice in their service.

POLITICAL ECONOMY, CONCISELY

Essays on Policy That Does Not Work and Markets That Do

By Anthony de Jasay

Edited and with an Introduction by Hartmut Kliemt

ritten for the general reader and specialist alike, the essays collected here articulate a convincing classical liberal view of the world, with a no-nonsense approach to modern economic theory. Many of the articles are collected here for the first time in book form. Jasay's aim is to clarify basic concepts in the realm of political and economic philosophy.

2009. 6 x 9. 232 pages.

THE REPRESENTATION OF BUSINESS IN ENGLISH LITERATURE

Edited and with an Introduction by Arthur Pollard

Foreword by John Blundell

In The Representation of Business in English Literature, five scholars of different periods of English literature produce original essays on how business and businesspeople have been portrayed by novelists, starting in the eighteenth century and continuing to the end of the twentieth century. The contributors to Representation help readers understand the partiality of the various writers and, in so doing, explore the issue of what determines public opinion about business.

Arthur Pollard (1922–2001) was Professor Emeritus of English at the University of Hull in Hull, East Yorkshire, England.

John Blundell is General Director of the Institute of Economic Affairs, London.

COMMERCE, CULTURE, AND LIBERTY

Readings on Capitalism Before Adam Smith

Edited by Henry C. Clark

This collection of thirty-seven readings (from thirty-three writers) brings together some of the most significant pre—Adam Smith writings on the political and cultural dimensions of capitalism. To modern readers, these seventeenth— and eighteenth—century discussions of commerce and economic life in general are surprising because they are so closely integrated with current moral and cultural issues. Part of the value of this book is in reminding us that many of our own concerns are not without precedent and earlier reflection.

Henry C. Clark is a Visiting Professor in the Political Economy Project at Dartmouth College. He has written two books and numerous articles, mainly on the French and Scottish Enlightenments.

COMMERCE AND GOVERNMENT

Considered in Their Mutual Relationship

By Étienne Bonnot, Abbé de Condillac Translated by Shelagh Eltis with an

Translated by Shelagh Eltis with an Introduction by Shelagh Eltis and Walter Eltis

French philosopher Abbé de Condillac produced perhaps the most original contributions to eighteenth-century economics. His conclusions as to the desirability of removing barriers to free trade and of competitive market economies mirrored Smith's, published three months later.

Commerce and Government has been

called "one of the most sustained defenses of economic liberty in the eighteenth century." In Condillac's own words, to eliminate the abuses and injustices of government it is necessary "to give trade full, complete, and permanent freedom." Shelagh and Walter Eltis, editors of the volume, write, "English language readers who come upon Commerce and Government for the first time will find . . . that the case for competitive market economics has rarely been presented more powerfully and that there is continuing relevance in Condillac's account of the difficulties that those who seek to liberalize economies still

Shelagh M. Eltis is a historian and graduate of Somerville College, Oxford, U.K.

encounter."

Walter Eltis is an Emeritus Fellow of Exeter College, Oxford, and Visiting Professor of Economics at the University of Reading, U.K.

2011. 6 x 9. 288 pages. Introduction, note on the text, editorial annotations, index. Cloth. ISBN 978-0-86597-812-6. \$29.00 /£23.95 / C\$39.25. Paperback. ISBN 978-0-86597-813-3. \$14.50 /£10.95 / C\$19.50.

A TREATISE ON POLITICAL ECONOMY

By Antoine Louis Claude Destutt de Tracy

Translation by Thomas Jefferson Edited and with an Introduction by Jeremy Jennings

Antoine Louis Claude Destutt de Tracy (1754–1836) is a foundational text of nineteenth-century, free-market economic thought and remains one of the classics of nineteenth-century French economic liberalism. Destutt de Tracy was one of the founders of the classical liberal republican group known as the Idéologues, which included Jean-Baptiste Say, Marquis de Condorcet, and Pierre Cabanis.

In this volume, Destutt de Tracy provides one of the clearest statements of the economic principles of the Idéologues. Placing the entrepreneur at the center of his view of economic activity, he argues against the luxurious consumption of the idle rich and recommends a market economy with low taxation and minimum state intervention.

Destutt de Tracy sent the text of *A Treatise on Political Economy* to Thomas Jefferson in hopes of securing its translation in the United States. It was met with enthusiastic approval. Jefferson wrote to the publisher, "The merit of this work will, I hope, place it in the hands of every reader in our country."

Jeremy Jennings is Professor of Political Theory at Queen Mary, University of London.

COLLECTED WORKS OF JOHN STUART MILL

By John Stuart Mill

L iberty Fund is pleased to make available in paperback eight of the original thirty-three cloth volumes of the *Collected Works of John Stuart Mill* that were first published by the University of Toronto Press that remain most relevant to liberty and responsibility in the twenty-first century.

Mill's *Autobiography* tells of his extraordinary education under the direct tutelage of his father, and under the indirect influence of some of England's most renowned political economic thinkers, such as Jeremy Bentham.

Principles of Political Economy is a compendium of economic theory ranging from Adam Smith through the then-modern theories of David Ricardo and Bentham. Principles was the leading economics textbook for nearly half a century and influenced generations of social and economic thinkers.

Primarily of interest to economists is Mill's *Essays on Economics and Society*, in which he writes on the most compelling economic problems and social concerns brought about by the rapidly industrialized nineteenth-century Britain.

The most indispensable work for understanding Mill's thought is *A System of Logic, Ratiocinative and Inductive*, which was the first serious attempt to methodize induction in relation to deduction.

Essays on Ethics, Religion and Society includes Mill's response to Benthamite utilitarianism and his development of his own independent moral position.

John Stuart Mill (1806–1873) was an economist, philosopher, Member of Parliament, and one of the most significant English classical liberals of the nineteenth century.

THE WORKS AND CORRESPONDENCE OF DAVID RICARDO

Eleven-Volume Series

By David Ricardo

Edited by Piero Sraffa and with the Collaboration of M. H. Dobb

avid Ricardo was born in London in 1772. His father, a successful stockbroker, introduced him to the Stock Exchange at the formative age of fourteen. During his career in finance, he amassed a personal fortune which allowed him to retire at the age of forty-two. Thereafter, he pursued a political career and further developed his economic ideas and policy proposals. A man of very little formal education, Ricardo arguably became, with the exception of Adam Smith, the most influential political economist of all time. Ricardo was the first economist to make extensive use of deductive reasoning and arithmetical models to illustrate the anticipated reactions to juxtaposed market forces and responsive human action. Like Smith, Ricardo believed that minimal government intervention best served an economy. His contributions to economics are numerous and include the theory of "hard money" to hedge inflation, the law of diminishing returns, developed along with his close friend the classical economist T. R. Malthus, and the labor theory of value.

One of Ricardo's most significant contributions to economics is the law of comparative advantage as applied to international commerce, which grew out of Adam Smith's division of labor and has become the central argument for free trade and open markets.

The Works and Correspondence of David Ricardo contains Ricardo's published and unpublished writings, and provides great insight into the early era of political economics by chronicling Ricardo's significant contributions to modern economics.

THE CONCISE ENCYCLOPEDIA OF ECONOMICS

Edited by David R. Henderson

T n this easily accessible, user-friendly volume, respected economist David R. Henderson brings together 152 of the most brilliant minds in economics to show how the analysis of economic topics can illuminate many aspects of the average person's daily life. The more than 160 entries cover numerous topics including basic concepts, discrimination and labor issues, corporations and financial markets, issues in economic history, economics of legal issues, regulation, environmental regulation, taxes, economic policy, macroeconomics, money and banking, international economics, economics outside the United States, economic systems, schools of economic thought, and more.

David R. Henderson is a Research Fellow with Stanford University's Hoover Institution and an Associate Professor of Economics at the Naval Postgraduate School in Monterey, California.

EDITORIAL BOARD

Tyler Cowen, Professor of Economics at George Mason University and Director of the James Buchanan Center and Mercatus Center.

Robert W. Crandall, Senior Fellow at the Brookings Institution.

Kevin D. Hoover, Professor of Economics and Philosophy at Duke University.

Russell Roberts, is a research fellow at the Hoover Institution. He has taught at George Mason University, Washington University in St. Louis, the University of Rochester, Stanford University and UCLA.

THE MAN AND THE STATESMAN

The Correspondence and Articles on Politics

By Frédéric Bastiat

Jacques de Guenin, General Editor

Introduction by Jacques de Guenin and Jean-Claude Paul-Dejean

Dennis O'Keeffe, Translation Editor

David M. Hart, Academic Editor

The Man and the Statesman, the first volume in Liberty Fund's sixvolume series, may be considered the most complete edition of Bastiat's works published to date, in any country, and in any language. The main source for this translation is the seven-volume Œuvres complètes de Frédéric Bastiat, published in the 1850s and 1860s.

The present volume, most of which has never before been translated into English, includes Bastiat's complete correspondence: 207 letters Bastiat wrote between 1819, when he was only 18 years old, until just a few days before his untimely death in 1850 at the age of 49. For contemporary classical liberals, Bastiat's correspondence will provide a unique window into a long-forgotten world where opposition to war and colonialism went hand-in-hand with support for free trade and deregulation.

Frédéric Bastiat (1801–1850) was one of the leading advocates of free markets and free trade in the mid-nineteenth century.

Jacques de Guenin is founder of the Cercle Frédéric Bastiat. He is a graduate of the École des Mines in Paris and holds a Master of Sciences from the University of California, Berkeley.

Dennis O'Keeffe was Professor of Social Science at the University of Buckingham, Buckingham, England, and was Senior Research Fellow in Education at the Institute of Economic Affairs, London.

David M. Hart has a Ph.D. in history from King's College, Cambridge, and is the Director of Liberty Fund's Online Library of Liberty.

"THE LAW," "THE STATE," AND OTHER POLITICAL WRITINGS, 1843–1850

By Frédéric Bastiat

Introduction by Pascal Salin

Jacques de Guenin, General Editor

Dennis O'Keeffe, Translation Editor

David M. Hart, Academic Editor

The Law," "The State," and Other Political Writings, 1843–

1850, collects nineteen of Bastiat's "pamphlets," or articles, ranging from the theory of value and rent, public choice and collective action, government intervention and regulation, the balance of trade, education, and trade unions to price controls, capital and growth, and taxation. Many of these are topics still relevant and debated today.

In addition, this edition also contains footnotes and glossary entries that help explain the political, economic, and intellectual context in which Bastiat lived and worked. Filling gaps on Bastiat and his philosophy, this volume features articles that have never before been translated in English.

Pascal Salin is Emeritus Professor of Economics, Paris University, and former president of the Mont Pelerin Society. He is the author of *Libéralisme*; *Français*, *n'ayez pas peur du libéralism*; and *Revenir au capitalisme*, *pour éviter les crises*.

LIBERTY FUND LIBRARY OF THE WORKS OF LUDWIG VON MISES

HUMAN ACTION

A Treatise on Economics Four-Volume Set

By Ludwig von Mises

Edited by Bettina Bien Greaves

Glossary prepared by Percy L. Greaves, Jr.

In *Human Action*, Mises starts from the ideas set forth in his *Theory and History* that all actions and decisions are based on human needs, wants, and desires and continues deeper and further to explain how studying this human action is not only a legitimate science (praxeology) but how that science is based on the foundation of free-market economics.

Mises presents and discusses all existing economic theories and then proceeds to explain how the only sensible, realistic, and feasible theory of economics is one based on how the needs and desires of human beings dictate trends, affect profits and losses, adjust supply and demand, set prices, and otherwise maintain, regulate, and control economic forces.

FOUR-VOLUME SET

2007. 6 x 9. 1,128 pages.

Editor's note, foreword to the fourth edition, foreword to the third edition, introduction, supplementary editorial footnotes and translations of foreign-language terms, appendix: "A Critique of Böhm-Bawerk's Reasoning in Support of His Time Preference Theory," glossary, index.

*e*Book

PLANNING FOR FREEDOM: LET THE MARKET SYSTEM WORK

A Collection of Essays and Addresses

By Ludwig von Mises

Edited by Bettina Bien Greaves

T n this anthology, Mises offers an articulate and accessible introduction to and critique of two topics he considers especially important: inflation and government interventionism. Mises believes inflation, that is, monetary expansion, is destructive; it destroys savings and investment, which are the basis for production and prosperity. Government controls and economic planning never accomplish what their proponents intend. Mises consistently argues that the solution to government intervention is free markets and free enterprise, which call for reforming government. For that, ideas must be changed to "let the market system work." There is no better "planning for freedom" than this.

The seventeen essays in *Planning for Freedom: Let the Market System Work* are tied together by one overarching idea, best expressed by Mises in the capstone essay "Profit and Loss." The essays in the final section of the book summarize Mises's contributions to economic thought and emphasize his firm belief in the power of ideas.

2008. 6×9 . 192 pages. Editor's foreword, annotations, index. Cloth. ISBN 978-0-86597-660-3. \$22.00 / £17.95 / C\$29.75. Paperback. ISBN 978-0-86597-661-0. \$12.00 / £8.95 / C\$16.25.

LIBERALISM

The Classical Tradition

By Ludwig von Mises

Edited by Bettina Bien Greaves

his book presents the theoretical and practical arguments for liberalism in the classical tradition as defined by Mises as "the liberal doctrine of the harmony of the rightly understood interests of all members of a free society founded on the principle of private ownership of the means of production." The foundation of liberalism, Mises says, rests on an understanding and appreciation of private property, social cooperation, the freedom idea, ethics and morality, democracy, and the legitimate role of government. Also in this book, Mises contrasts liberalism with other conceivable systems of social organization such as socialism, communism, and fascism.

2005. 6 x 9. 203 pages. Preface (1985), preface to the English-language edition, introduction, editorial footnotes, appendix, bibliography, index. Cloth. ISBN 978-0-86597-585-9. \$29.00 / £23.95 / C\$39.25. Paperback. ISBN 978-0-86597-586-6. \$14.50 / £10.95 / C\$19.50.

ECONOMIC POLICY

Thoughts for Today and Tomorrow

By Ludwig von Mises

Edited by Bettina Bien Greaves

Ludwig von Mises delivered in 1959 for the Centro de Estudios sobre la Libertad in Argentina. The lectures were posthumously edited by Mises's wife, Margit, and George Koether, a student and long-time friend of Mises. This volume serves as an excellent introduction to what Mises sees as the simple truths of history in terms of economic principles. In straightforward language, Mises explains topics such as capitalism, socialism, interventionism, inflation, foreign investment, and economic policies and ideas.

2010. 6 x 9. 96 pages. Introduction, foreword, index.

Cloth. ISBN 978-0-86597-735-8. \$19.50 / £13.95 / C\$26.50. Paperback. ISBN 978-0-86597-736-5. \$12.00 / £8.95 / C\$16.25.

INTERVENTIONISM

An Economic Analysis

By Ludwig von Mises

Edited by Bettina Bien Greaves

nterventionism provides Mises's analysis of the problems of government interference in business from the Austrian school perspective. Written in 1940, before the United States was officially involved in World War II, this book offers a rare insight into the war economies of Hitler's Germany and Mussolini's Italy. Mises criticizes the pre-World War II democratic governments for favoring socialism and interventionism over capitalist methods of production. Mises contends that government's economic role should be limited because of the negative political and social consequences of the economic policy of interventionism.

2011. 6 x 9. 122 pages. Foreword, author's preface, index. Cloth ISBN 978-0-86597-738-9

Cloth. ISBN 978-0-86597-738-9. 22.00 / 15.95 / 029.75. Paperback. ISBN 978-0-86597-739-6. 12.00 / 28.95 / 029.75.

OMNIPOTENT GOVERNMENT

The Rise of the Total State and Total War

By Ludwig von Mises

Edited by Bettina Bien Greaves

Published in 1944, during World War II, *Omnipotent Government* was Mises's first book written and published after he arrived in the United States. In this volume Mises provides in economic terms an explanation of the international conflicts that caused both world wars. Although written more than half a century ago, Mises's main theme still stands: government interference in the economy leads to conflicts and wars. According to Mises, the last and best hope for peace is liberalism—the philosophy of liberty, free markets, limited government, and democracy.

2011. 6 x 9. 350 pages. Foreword to the Liberty Fund edition, preface, index.

Cloth. ISBN 978-0-86597-753-2. \$24.00 / £16.95 / C\$32.50. Paperback. ISBN 978-0-86597-754-9. \$14.50 / £10.95 / C\$19.50.

Three Treatises on Trade-Cycle Theory

By Ludwig von Mises

Translated and with a Foreword by Bettina Bien Greaves

Edited by Percy L. Greaves, Jr.

The three treatises in *On the Manipulation of Money and Credit* were written in German between 1923 and 1931. Together they include some of Mises's most important contributions to monetary and trade-cycle theories and constitute a precursor to Mises's major work, *Human Action*.

Ludwig von Mises (1881–1973) was the leading spokesman of the Austrian School of economics throughout most of the twentieth century.

Bettina Bien Greaves is a former resident scholar and trustee of the Foundation for Economic Education and was a senior staff member at FEE from 1951 to 1999.

2011. 6 x 9. 217 pages. Foreword, index.

Cloth. ISBN 978-0-86597-761-7. \$22.00 / £17.95 / C\$29.25. Paperback. ISBN 978-0-86597-762-4. \$12.00 / £8.95 / C\$16.25.

eBook

EPISTEMOLOGICAL PROBLEMS OF ECONOMICS

By Ludwig von Mises

Translated by George Reisman

Edited and with a Foreword by Bettina Bien Greaves

First published in German in 1933 and in English in 1960, *Epistemological Problems of Economics* presents Ludwig von Mises's views on the logical and epistemological features of social interpretation as well as his argument that the Austrian theory of value is the core element of a general theory of human behavior that transcends traditional limitations of economic science.

2013. 6 x 9. 248 pages.
Foreword, prefaces to both the English and German editions by Mises, index.
Cloth. ISBN 978-0-86597-849-2. \$22.00 / £17.95 / C\$29.75.
Paperback. ISBN 978-0-86597-850-8. \$12.00 / £8.95 / C\$16.25.

BUREAUCRACY

By Ludwig von Mises

Edited by Bettina Bien Greaves

ureaucracy contrasts the two forms of economic management—that of a free market economy and that of a bureaucracy. In the market economy entrepreneurs are driven to serve consumers by their desire to earn profits and to avoid losses. In a bureaucracy, the managers must comply with orders issued by the legislative body under which they operate; they may not spend without authorization, and they may not deviate from the path prescribed by law. Ludwig von Mises here lucidly demonstrates how the efficiencies of private ownership and control of public good production ultimately trump the guesswork of publicly administered "planning" through codes and "officialdom."

2007. 6×9 . 128 pages. Editor's foreword, preface to the first edition, preface to the 1962 edition, index. Cloth. ISBN 978-0-86597-663-4. \$22.00 / £17.95 / C\$29.75. Paperback. ISBN 978-0-86597-664-1. \$12.00 / £8.95 / C\$16.25.

SOCIALISM

An Economic and Sociological Analysis

By Ludwig von Mises

Translated by J. Kahane

Foreword by F. A. Hayek

This is a newly annotated edition of the classic first published in German in 1922. It is the definitive refutation of nearly every type of socialism ever devised. Mises presents a wide-ranging analysis of society, comparing the results of socialist planning with those of freemarket capitalism in all areas of life.

1981. 6½ x 9. 596 pages. Foreword, epilogue, index to works cited, index to subjects and names, biographical note.

Cloth. ISBN 978-0-913966-62-4. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-913966-63-1. \$14.50 / £10.95 / C\$19.50.

THE ANTI-CAPITALISTIC MENTALITY

By Ludwig von Mises

Edited by Bettina Bien Greaves

n The Anti-capitalistic Mentality, von Mises plainly explains the causes of the irrational fear and hatred many intellectuals and others feel for capitalism. He traces the causation of the misunderstandings and resultant fears that cause resistance to economic development and social change. He enumerates and rebuts the economic arguments against and the psychological and social objections to economic freedom in the form of capitalism. Written during the heyday of twentiethcentury socialism, this work provides the reader with lucid and compelling insights into human reactions to capitalism.

2006. 6 x 9. 84 pages. Preface, index.

Cloth. ISBN 978-0-86597-670-2. \$20.00 / £14.95 / C\$29.75. Paperback. ISBN 978-0-86597-671-9. \$12.00 / £8.95 / C\$16.25.

*e*Book

ECONOMIC FREEDOM AND INTERVENTIONISM

An Anthology of Articles and Essays

By Ludwig von Mises

Edited by Bettina Bien Greaves

conomic Freedom and **L** Interventionism is both a primer of the fundamental thought of Ludwig von Mises and an anthology of the writings of perhaps the best-known exponent of what is now known as the Austrian school of economics. This volume contains forty-seven articles edited by Mises scholar Bettina Bien Greaves. Among them are Mises's expositions of the role of government, his discussion of inequality of wealth, inflation, socialism, welfare, and economic education, as well as his exploration of the "deeper" significance of economics as it affects seemingly noneconomic relations between human beings. These papers are valuable reading for students of economic freedom and the science of human action.

2007. 6×9 . 312 pages. Foreword, acknowledgments, index. Cloth. ISBN 978-0-86597-672-6. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-673-3. \$14.50 / £10.95 / C\$19.50.

2013. 6 x 9. 184 pages.

Foreword to new edition by Bettina Bien Greaves, preface to *Notes* and *Recollections* by Margit von Mises, postscript to *Notes* and *Recollections* by Hans Sennholz, index.

Cloth. ISBN 978-0-86597-853-9. \$22.00 / £17.95 / C\$29.75. Paperback. ISBN 978-0-86597-855-3. \$12.00 / £8.95 / C\$16.25.

NOTES AND RECOLLECTIONS

With The Historical Setting of the Austrian School of Economics

By Ludwig von Mises

Edited and with a Preface by Bettina Bien Greaves

ritten between 1940 and 1941, shortly after he arrived in the United States, *Notes and Recollections* is in effect Mises's pre-1940 intellectual autobiography. This work reveals how Mises developed his theories, wrote his books, lectured, and taught; it describes his life in Vienna and the people with whom he worked. He also discusses his activities as an adviser to Austrian government officials and his frustrations in attempting to keep inflation and communist and Nazi ideas from destroying the Austrian economy.

The Historical Setting of the Austrian School of Economics is an essay originally published in English in 1969 that reveals Mises's intellectual development in the context of the origins of the Austrian School. It serves as a good introduction to the theory and history of the Austrian School.

THE THEORY OF MONEY AND CREDIT

By Ludwig von Mises
Introduction by Lionel Robbins
Foreword by Murray N. Rothbard

The Theory of Money and Credit integrated monetary theory into the main body of economic analysis for the first time, providing fresh, new insights into the nature of money and its role in the economy and bringing Mises into the front rank of European economists.

The Theory of Money and Credit also presented a new monetary theory of the trade cycle, which, under further development by Mises's student Nobel Laureate F. A. Hayek, came to challenge all previous trade-cycle theories.

1981. 6 x 9. 544 pages.
Foreword, introduction, prefaces to earlier editions, appendixes, index.
Cloth. ISBN 978-0-913966-70-9. \$24.00 / £19.99

Cloth. ISBN 978-0-913966-70-9. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-913966-71-6. \$14.50 / £10.95 / C\$19.50.

eBook

THEORY AND HISTORY

An Interpretation of Social and Economic Evolution

By Ludwig von Mises

Edited by Bettina Bien Greaves

Theory and History is primarily a critique of Karl Marx, his materialism, and his prediction of the inevitability of socialism. Marx attributes the creation of tools and machines, as well as the economic structure of society, to undefined "material productive forces." Mises rejects this materialistic view; he points out that tools and machines are actually created by individuals acting on the basis of non-materialistic ideas.

This book discusses the theory of economics, i.e., the study of purposive human action, and history, the record of the past actions of individuals.

2005. 6 x 9. 281 pages. Editor's note, introduction, translations, annotations, index.

Cloth. ISBN 978-0-86597-568-2. \$29.00 / £23.95 / C\$39.25. Paperback. ISBN 978-0-86597-569-9. \$14.50 / £10.95 / C\$19.50.

NATION, STATE, AND ECONOMY

Contributions to the Politics and History of Our Time

By Ludwig von Mises

Edited by Bettina Bien Greaves

E ssential to Mises's concept of a classical liberal economy is the absence of interference by the state. In World War I, Germany and its allies were overpowered by the Allied Powers in population, economic production, and military might, and its defeat was inevitable.

Mises believed that Germany should not seek revenge for the peace of Versailles, rather it should adopt liberal ideas and a free-market economy by expanding the international division of labor, which would help all parties. "For us and for humanity," Mises wrote, "there is only one salvation: return to rationalistic liberalism."

2006. 6 x 9. 220 pages.

Preface, translator's introduction, index.

THE ULTIMATE FOUNDATION OF ECONOMIC SCIENCE

An Essay on Method

By Ludwig von Mises

Edited by Bettina Bien Greaves

In this volume, Mises argued that economics is a science because human action is a natural order of life and that it is the actions of humans that determine markets and capital decisions. Since Mises believed these links could be proven scientifically, he concluded that economics, with its basis on that human action, is indeed a science in its own right and not an ideology or a metaphysical doctrine

MONETARY AND ECONOMIC POLICY PROBLEMS BEFORE, DURING, AND AFTER THE GREAT WAR

By Ludwig von Mises

Edited by Richard Ebeling

The present volume is devoted to some of Mises's earliest writings. As with the second volume in the series, the articles that compose this book include Mises's policy memoranda, essays, and speeches that were found in a formerly secret KGB archive in Moscow. The articles have two primary focuses: First, they reveal Mises's thoughts on the monetary, fiscal, and general economic policy problems of the Austro-Hungarian Empire before and during World War I; and second, they focus on his thoughts on the new postwar Austrian Republic after the dismantling of the Habsburg monarchy.

An appendix to the volume includes a curriculum vitae that Mises's great-grandfather prepared for the Habsburg emperor in 1881 as part of his ennoblement, which gave him and his heirs the hereditary title of "Edler von." Also included is a talk that Mises delivered at his private seminar in his office at the Vienna Chamber of Commerce in the spring of 1934 on the topic of the methodology of the social sciences.

Ludwig von Mises (1881–1973) was the leading spokesman of the Austrian school of economics throughout most of the twentieth century.

Richard Ebeling is Professor of Economics at Northwood University.

BETWEEN THE TWO WORLD WARS

Monetary Disorder, Interventionism, Socialism, and the Great Depression

By Ludwig von Mises

Edited by Richard Ebeling

In 1934, Ludwig von Mises left his native Austria in fear of the Nazis, who seized all his papers in 1938 in Vienna and, Mises thought, destroyed them, but the papers were not destroyed. In 1996, Richard and Anna Ebeling discovered the papers in an archive in Moscow. This volume from Liberty Fund represents a treasure trove of important essays.

THE POLITICAL ECONOMY OF INTERNATIONAL REFORM AND RECONSTRUCTION

By Ludwig von Mises

Edited by Richard Ebeling

A fter he fled Austria, Ludwig von Mises arrived in the United States and continued to write essays on economics. Among those included in this volume are:

Guiding Principles for the Reconstruction of Austria (1940)

An Eastern Democratic Union: A Proposal for the Establishment of a Durable Peace in Eastern Europe (1943)

Aspects of American Foreign Trade Policy (1943)

Mexico's Economic Problems (1943)

The Main Issues in Present-Day Monetary Controversies (1944)

A Noninflationary Proposal for Post-War Monetary Reconstruction (1944)

2009. 6 x 9. 272 pages.

Introduction to the Liberty Fund edition, foreword by Ludwig von Mises, Becker-Kirzner Debate, introduction to the second edition, author's preface, index.

Cloth. ISBN 978-0-86597-733-4. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-734-1. \$14.50 / £10.95 / C\$19..50.

2011. 6 x 9. 372 pages.

THE COLLECTED WORKS OF ISRAEL M. KIRZNER

THE ECONOMIC POINT OF VIEW

By Israel M. Kirzner

Edited by Peter J. Boettke and Frédéric Sautet

The inaugural volume in Liberty Fund's new Collected Works of Israel M. Kirzner series, this work established Kirzner as a careful and meticulous scholar of economics.

In this work, Kirzner explains how the "economic point of view" emerged in the development of economic science since the eighteenth century and through it, the concepts of purpose, subjectivism, and rationality. Kirzner's incomparable ability to navigate through the core ideas of economics helps the reader become progressively familiar with the history of the discipline and its definition.

MARKET THEORY AND THE PRICE SYSTEM

By Israel M. Kirzner

Edited by Peter J. Boettke and Frédéric Sautet

The second volume in Liberty Fund's Collected Works of Israel M. Kirzner series, Market Theory and the Price System was published in 1963 as Kirzner's first (and only) textbook. This volume presents an integrated view of Austrian price theory. The basic aim of Market Theory is to utilize the tools of economic reasoning to explain the market process. The unique framework Kirzner develops for microeconomic analysis, following Mises and Hayek, examines errors in decision-making, entrepreneurial profit, and competition as a process of discovery and learning.

ESSAYS ON CAPITAL AND INTEREST

An Austrian Perspective

By Israel M. Kirzner

Edited by Peter J. Boettke and Frédéric Sautet

Essays on Capital and Interest presents a collection of writings on capital theory that serve both as a discourse in the history of economic thought and as conceptual clarification for two of the most complex subjects in economics.

COMPETITION AND ENTREPRENEURSHIP

By Israel M. Kirzner

Edited by Peter J. Boettke and Frédéric Sautet

defines Israel M. Kirzner's unique contribution to the economics profession. Pointing out the shortcomings of the traditional microeconomic model, Kirzner offers an alternative and complementary view, which illuminates and enriches the way economists think of the market process.

Israel M. Kirzner is a leading economist in the Austrian School and Emeritus Professor of Economics at New York University.

Peter J. Boettke is University Professor of Economics and Philosophy at George Mason University and the BB&T Professor for the Study of Capitalism at the Mercatus Center.

Frédéric Sautet is an economist and a specialist of Austrian market process theory. He has taught at The Catholic University of America, George Mason University, and New York University. He is the author of *An Entrepreneurial Theory of the Firm* and has published widely on entrepreneurship.

HAYEK ON HAYEK

An Autobiographical Dialogue

By F. A. Hayek

Edited by Stephen Kresge and Leif Wenar

"Austrian economist Friedrich A. von Hayek (1899–1992) wrote autobiographical notes for several years beginning in 1945. These are combined with excerpts from interviews, and the transcript of a 1945 radio broadcast as a way of letting him tell about his own life and intellectual development. The arrangement is chronological."

-Reference & Research Book News, February 2009

This volume gives readers insight into F. A. Hayek's life and ideas. This detailed chronology depicts Hayek's early life and education, his intellectual progress, and the academic and public reception of his ideas through a series of oral history interviews. Hayek's own autobiographical notes are included.

Stephen Kresge was the General Editor of *The Collected Works of F. A. Hayek* until his retirement in 2002.

Leif Wenar is Chair of Ethics at King's College London.

2008. 6 x 9. 177 pages. Editorial foreword by Stephen Kresge and Leif Wenar, introduction by Stephen Kresge, index of persons and places. Paperback only. ISBN 978-0-86597-740-2. \$14.50/£10.95/C\$19.50.

THE PURE THEORY OF CAPITAL

By F. A. Hayek

Edited by Lawrence H. White

"Compiled and edited by Lawrence H. White (Professor of Economics, George Mason University, Fairfax, Virginia) is a 480 page compendium comprised of the writings of F.A. Hayek and was originally published in 1941. Of special note is Professor White placing these writings into their proper historical context for the benefit of a new generation of economics students. The Pure Theory of Capital is a strongly recommended addition to academic and university library 20th Century Economic Studies reference collections and supplemental reading lists."

-The Midwest Book Review, January 2013

rst published in 1941, *The Pure* Theory of Capital has long been overlooked. This volume offers a detailed account of the equilibrium relationships between inputs and outputs in a timefilled economy. Hayek's stated objective was to make capital theory—which had previously been devoted almost entirely to the explanation of interest rates—"useful for the analysis of the monetary phenomena of the real world." His ambitious goal was nothing less than to develop a capital theory that could be fully integrated into business cycle theory. Hayek's manifesto of capital theory is now available again for today's students and economists to discover.

F. A. Hayek (1899–1992) was awarded the Nobel Memorial Prize in Economic Sciences in 1974 and the Presidential Medal of Freedom in 1991. He was one of the leading Austrian economists and political philosophers of the twentieth century.

Lawrence H. White is Professor of Economics at George Mason University.

2012. 6 x 9. 470 pages.

Editorial foreword by Bruce Caldwell, editor's introduction, preface, analytical table of contents, guide to terms, bibliography, appendixes.

Paperback only. ISBN 978-0-86597-845-4. \$14.50 / £10.95 / C\$19.50.

THE FORTUNES OF LIBERALISM

Essays on Austrian Economics and the Ideal of Freedom

By F. A. Hayek

Edited by Peter G. Klein

In this collection of essays, some of which appear here in English for the first time, F. A. Hayek traces his intellectual roots to the Austrian school.

The Fortunes of Liberalism: Essays on Austrian Economics and the Ideal of Freedom also links the Austrian school to the modern rebirth of classical liberal thought.

Peter G. Klein is Associate Professor in the Division of Applied Social Sciences at the University of Missouri and Associate Director of the Contracting and Organizations Research Institute. He is also Adjunct Professor at the Olin School of Business.

2009. 6 x 9. 296 pages.

Editorial foreword by Stephen Kresge, introduction by Peter G. Klein, chronological list of contents, index.

Paperback only. ISBN 978-0-86597-741-9. \$14.50 / £10.95 / C\$19.50.

THE TREND OF ECONOMIC THINKING

Essays on Political Economists and Economic History

By F. A. Hayek

Edited by W. W. Bartley, III and Stephen Kresge

In *The Trend of Economic Thinking* Hayek presents many of the figures that influenced the development of his economic thought. The articles range from well-known economists such as Mandeville, Hume, Smith, and Bastiat, to lesser-known figures such as Dupuit and Gossen, showing the breadth of Hayek's study of the history of economic thought.

W. W. Bartley, III (1934–1990) was a Professor of Philosophy and a Senior Research Fellow at Stanford University and an author.

2009. 6 x 9. 400 pages.

Editorial foreword by W. W. Bartley, III, introduction by Stephen Kresge, chronological list of contents, bibliographical note, editor's acknowledgments by W. W. Bartley, III, index.
Paperback only. ISBN 978-0-86597-742-6. \$14.50 / £10.95 / C\$19.50.

GOOD MONEY, PART I

The New World

By F. A. Hayek

Edited by Stephen Kresge

Hayek's deep interest in the concept of money and its role within the economy is developed in *Good Money*, *Part I*. Consisting of seven of Hayek's most significant monetary writings from the 1920s, this collection focuses on his critique of the idea that price stabilization is consistent with the stabilization of foreign exchange.

2009. 6 x 9. 271 pages. Editorial foreword by Stephen Kresge, introduction by Stephen Kresge, afterword by Stephen Kresge, name index, subject index. Paperback only. ISBN 978-0-86597-745-7. \$14.50 / £10.95 / C\$19.50.

GOOD MONEY, PART II

The Standard

By F. A. Hayek

Edited by Stephen Kresge

"The five essays in this second part conclude the collection of Austrian-born economist Hayek's (1899–1992) writings on money and monetary theory. They consider monetary nationalism and international stability, a commodity reserve currency, choice in currency, the theory and practice of concurrent currencies, toward a free market monetary system, and the future unit of value."

-Reference & Research Book News, November 2009

This complementary volume provides five additional essays to expand our understanding of Hayek's ideas about money and monetary policy. *Good Money, Part II: The Standard* investigates the consequences of the "predicament of composition" which led to one of Hayek's most controversial proposals: that governments should be denied a monopoly on the coining of money.

2009. 6 x 9. 270 pages. Editorial foreword by Stephen Kresge, introduction by Stephen Kresge, name index, subject index. Paperback only. ISBN 978-0-86597-746-4. \$14.50 / £10.95 / C\$19.50.

CONTRA KEYNES AND CAMBRIDGE

Essays, Correspondence

By F. A. Hayek

Edited by Bruce Caldwell

"The University of Chicago Press produced a complete collection of work by Austrian economist Hayek (1899–1992) during the 1990s, and Liberty Fund is reprinting the volumes in paper editions. Comprising volume nine of that series, the 13 essays and letters here reflect his arrival at the London School of Economics and Political Science, his exchanges with rival economists J. M. Keynes and Piero Sraffa, and essays on his personal and professional views of Keynes. Among the topics are the economics of the 1930s as seen from London, his reflection on Keynes' Pure Theory of Money and Keynes' reply, Sraffa's 'Dr. Hayek on Money and Capital' and Hayek's reply, and an Austrian critique of the Keynes centenary."

-Reference & Research Book News, November 2009

ontra Keynes and Cambridge is ✓composed of three parts: Part I consists of two essays, the first being a recollection by Hayek of his time at the London School of Economics in the 1930s, followed by his contribution to an early debate about the paradox of saving; Part II reprints the full debates between Hayek and Keynes in Economica in the early 1930s, and Hayek's exchanges with Sraffa that followed; Part III includes some of Hayek's reminiscences on Keynes. F. A. Hayek challenged one of the world's leading economists, John Maynard Keynes, and his economic theories, which sparked a spirited debate that has influenced economic policy in democratic countries for decades.

2009. 6 x 9. 281 pages. Editorial foreword by Stephen Kresge, introduction by Bruce Caldwell, editor's acknowledgments by Bruce Caldwell, index. Paperback only. ISBN 978-0-86597-744-0. \$14.50 / £10.95 / C\$19.50.

SOCIALISM AND WAR

Essays, Documents, Reviews

By F. A. Hayek

Edited by Bruce Caldwell

In the essays in this volume Hayek contributed to economic knowledge in the context of socialism and war, while providing an intellectual defense of a free society. The connection between the two topics is illuminated through essays containing some of Hayek's contributions to the socialist-calculation debate, writings pertaining to war, and the cult of scientific economic planning from the late 1930s and 1940s.

Bruce Caldwell is Professor of Economics and the Director of the Center for the History of Political Economy at Duke University. He is the current General Editor of *The Collected Works of F. A. Hayek*.

2009. 6 x 9. 280 pages. Editorial foreword by Stephen Kresge, introduction by Bruce Caldwell, editor's acknowledgments by Bruce Caldwell, name index, subject index. Paperback only. ISBN 978-0-86597-743-3. \$14.50 / £10.95 / C\$19.50.

THE COLLECTED WORKS OF ARMEN A. ALCHIAN

In Two Volumes

By Armen A. Alchian

Edited and with an Introduction by Daniel K. Benjamin

iberty Fund is proud to present, in two volumes, *The Collected Works* of Armen A. Alchian, bringing together Alchian's most influential essays, articles, editorials, and lectures to provide a comprehensive record of his thinking on a broad range of topics in economics.

Armen Alchian has helped found several schools of economic thought and is the founder of the UCLA tradition in economics and one of the most influential voices in the areas of market structure, property rights, and the theory of the firm.

Daniel K. Benjamin is Professor of Economics at Clemson University.

THE COLLECTED WORKS OF HENRY G. MANNE

In Three Volumes

By Henry G. Manne

Fred S. McChesney, General Editor

s the founder of the Center for Law and Economics at George Mason University and dean emeritus of the George Mason School of Law, Henry G. Manne is one of the founding scholars of law and economics as a discipline. This three-volume collection includes articles, reviews, and books from more than four decades, featuring Wall Street in Transition, which redefined the commonly held view of the corporate firm.

Fred S. McChesney is James B. Haddad Class of 1967 Professor of Law at the Northwestern University School of Law, focusing on business and antitrust law and their intersection with economic theory.

THE COLLECTED WORKS OF **ARTHUR SELDON**

Seven-Volume Series

By Arthur Seldon

Edited by Colin Robinson

Praise for The Virtues of Capitalism (Volume 1):

"An excellent basic resource and foundation of insight into basic liberal economic and capitalist philosophy, The Virtues of Capitalism is especially recommended for academic library 'Economic Studies' collections and is essential reading for non-specialist general readers with an interest in economic theory."

-Bookwatch, December 2004

he Collected Works of Arthur Seldon spans 65 years of Seldon's influential thought and includes all his pivotal works that helped to shape current economic thought. His arguments are as compelling and relevant today as they were over a half century ago.

Each volume of this series has a contextual introduction and, except for Volume 3, an individual index. Volume 7 contains an index to the entire series. Everyman's Dictionary of Economics, cowritten with Fred G. Pennance, Volume 3 of this series, is an essential tool for anyone who wants a better understanding of economics.

Colin Robinson was a business economist for eleven years. He was then appointed to the Chair of Economics at the University of Surrey, Guildford, United Kingdom, where he founded the Department of Economics and is now Emeritus Professor. For many years he has been associated with the Institute of Economic Affairs, and from 1992 to 2002 he was the IEA's Editorial Director.

2008. 6 x 9. 512 pages. Introduction, index. Cloth. ISBN 978-0-86597-712-9. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-713-6. \$18.00 / £13.95 / C\$24.50

2010. 6 x 9. 440 pages. Editor's introduction, index

Cloth. ISBN 978-0-86597-784-6. \$25.00 / £20.95 / C\$33.75.
Paperback. ISBN 978-0-86597-785-3. \$15.00 / £10.95 / C\$20.25.

"ARE ECONOMISTS BASICALLY IMMORAL?" AND OTHER ESSAYS ON ECONOMICS, ETHICS, AND RELIGION BY PAUL HEYNE

By Paul Heyne

Edited and with an Introduction by Geoffrey Brennan and A. M. C. Waterman

A well-trained theologian, a gifted and dedicated teacher of economics for over forty years, and the author of a highly regarded and widely-used textbook, *The Economic Way of Thinking*, Paul Heyne influenced generations of students of economics. The editors have divided Heyne's essays thematically to cover three general areas: the ethical foundations of free markets, the connection between those ethical foundations and Christian thought, and the teaching of economics—both method and substance.

Paul Heyne (1931–2000) taught at Valparaiso University (1957–66), Southern Methodist University (1966–76), and the University of Washington (1976–2000).

A MAVERICK'S DEFENSE OF FREEDOM

Selected Writings and Speeches of Benjamin A. Rogge

By Benjamin A. Rogge

Edited and with an Introduction by Dwight R. Lee

This new collection of fifty-three essays, many of which have never before been published, gathers some of Benjamin Rogge's most interesting talks and writings spanning a vast array of topics including the case for individual liberty and responsibility in maintaining the free-market economy, the nature of economics, the business system, labor markets, money and inflation, and education.

Benjamin A. Rogge (1920–1980) was Distinguished Professor of Political Economy at Wabash College.

Dwight R. Lee is William J. O'Neil Professor of Global Markets and Freedom at Southern Methodist University's Cox School of Business.

THE SELECTED WORKS OF GORDON TULLOCK

Ten-Volume Series

By Gordon Tullock

Edited by Charles K. Rowley

During the past half-century Gordon Tullock has continually advanced the frontiers of political economy, most particularly with respect to the workings of representative democracies and autocracies. This ten-volume series, edited and arranged thematically, brings together Tullock's most significant contributions to economics, political science, public choice, sociology, law and economics, and bioeconomics.

Scholars will undoubtedly find the extensive breadth and depth of Tullock's writings enriching. The general reader, as well as the student of politics, and all who love economic liberty, will find Tullock's prose lucid, readable, and sprinkled with wit. His brilliant mind is surprisingly accessible to us all.

Gordon Tullock was a legend in the field of political economics. *The Selected Works of Gordon Tullock* provides an entree to the mind of an original thinker. Professor Rowley provides a deliberately sparse contextual introduction to each volume, opting to allow the very able and eloquent Tullock to speak for himself.

Gordon Tullock (1922–2014) was Professor Emeritus of Law at George Mason University, where he was Distinguished Research Fellow in the Center for Study of Public Choice and University Professor of Law and Economics.

Charles K. Rowley was Duncan Black Professor of Economics and a Senior Fellow of the James M. Buchanan Center for Political Economy at George Mason University. He was also General Director of the Locke Institute.

THE COLLECTED WORKS OF JAMES M. BUCHANAN

Twenty-Volume Series

By James M. Buchanan

Forewords by Geoffrey Brennan, Hartmut Kliemt, and Robert D. Tollison

he Collected Works of James **M.** Buchanan is a significant twenty-volume series that includes ten monographs and all of the important journal articles, papers, and essays that Buchanan has produced in a distinguished career. Among the monographs are such famous works as The Calculus of Consent (coauthored by Gordon Tullock) and The Limits of Liberty, as well as such gems as Cost and Choice: An Inquiry in Economic Theory. The monographs have been cast into a new format, and in those cases in which no index, or only a partial index, was originally provided, new indexes have been created.

"This is a series," write the editors, "that no serious scholar of public choice theory, public economics, or contemporary political theory will want to be without. It is a series that will also appeal to the general student of liberty, for Buchanan has—perhaps more than any other contemporary scholar helped us to view politics without the romantic gloss that characterizes much normative political theory and that slips unthinkingly into so much popular commentary. Buchanan was a resolute defender of 'the ideal of a society of free and responsible individuals' and a painstaking analyst of the institutional structure that might best support such a society. Buchanan stands with von Mises, Hayek, Popper, and Friedman as one of the great twentieth-century scholars of liberty."

James M. Buchanan (1919–2013) was an eminent economist who won the Alfred Nobel Memorial Prize in Economic Sciences in 1986.

Introduction, selected bibliography, headnotes for each chapter, index. Cloth. ISBN 978-0-86597-834-8. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-835-5. \$14.50 / £10.95 . / C\$19.50

TWO-VOLUME SET2007. 6 x 9. 1,262 pages.

TO SECURE THE BLESSINGS OF LIBERTY

Selected Writings of Gouverneur Morris

By Gouverneur Morris

Edited by J. Jackson Barlow

Liberty Fund is pleased to present this single-volume collection of Gouverneur Morris's writings. This edition will be a welcome addition to scholars of American and French history as the volume contains many writings that have never before been published.

Morris served as Deputy Superintendent of Finance during the American Revolution, in which capacity he devised the system of decimal coinage. He was a prominent member of the Constitutional Convention, where he spoke more frequently than any other member and, as a member of the Committee on Style and Arrangement, put the Constitution in its present form and authored its Preamble. As a private citizen in Paris, and later Minister to France (1789–94), Morris was a firsthand witness of the French Revolution. On his return to the U.S., he served as a U.S. Senator, was a prime mover in the creation of the Erie Canal, and took a leading role as a critic of the Jefferson and Madison administrations. Providing his unique perspective, this is a wonderful and accessible single source that illuminates the political and economic thought of Gouverneur Morris.

Gouverneur Morris (1752–1816) was a prominent member of the Constitutional Convention, a signer of the U.S. Constitution and author of its Preamble, and U.S. Minister to France during the French Revolution.

J. Jackson Barlow is the Charles A. Dana Professor of Politics and the Director, Program in Philosophy, Politics, and Economics at Juniata College, in Huntington, Pennsylvania.

COLLECTED WORKS OF JAMES WILSON

In Two Volumes

By James Wilson

Edited by Kermit L. Hall and Mark David Hall

With an Introduction by Kermit L. Hall and a Bibliographical Essay by Mark David Hall

Collected by Maynard Garrison

his two-volume set brings together a collection of writings and speeches of James Wilson, one of only six signers of both the Declaration of Independence and the United States Constitution, and one of the most influential members of the federal Constitutional Convention in 1787. Wilson's writings and speeches had a significant impact on the deliberations that produced the cornerstone documents of our democracy. Wilson's signal contribution to the founding of our national government was his advocacy for both a strong national government and an open and democratic political system, a position that set him apart from both Alexander Hamilton and Thomas Jefferson.

James Wilson (1742–1798) emigrated from Scotland in 1765 and was one of the major architects of the American judicial system.

Kermit L. Hall (1944–2006) was the President of the State University of New York at Albany as well as Professor of History at the same institution.

Mark David Hall is Herbert Hoover Distinguished Professor of Political Science at George Fox University.

Maynard Garrison is a retired attorney. He received his law degree from Stanford University.

2010. 4 ¾ x 7 ½. 152 pages.

THE ORIGIN AND PRINCIPLES OF THE AMERICAN REVOLUTION, COMPARED WITH THE ORIGIN AND PRINCIPLES OF THE FRENCH REVOLUTION

By Friedrich Gentz

Edited and with an Introduction by Peter Koslowski

Translated by John Quincy Adams

The Origin and Principles of the American Revolution is perhaps one of the most important books written on the American Revolution by a European author. The Liberty Fund edition is supplemented by a new introduction and annotations that provide the reader with historical and contextual background to better create a more robust picture of Gentz's thought.

Peter Koslowski (1952–2012) was Professor of Philosophy at VU University Amsterdam.

THE REVOLUTIONARY WRITINGS OF JOHN ADAMS

By John Adams

Selected and with a Foreword by C. Bradley Thompson

The Revolutionary Writings of John Adams presents the principal shorter writings in which Adams addresses the prospect of revolution and the form of government proper to the new United States.

This collection illustrates that it was Adams who, before the Revolution, wrote some of the most important documents on the nature of the British Constitution and the meaning of rights, sovereignty, representation, and obligation.

C. Bradley Thompson is Professor of Political Science at Clemson University and the Executive Director of the Clemson Institute for the Study of Capitalism.

THE REVOLUTIONARY WRITINGS OF ALEXANDER HAMILTON

By Alexander Hamilton

Edited and with an Introduction by Richard B. Vernier

Foreword by Joyce Appleby

"Hamilton's revolutionary writings reveal the core values and beliefs of a young but genuine Whig. What they suggest is the substitution of revolutionary fears for his nation's liberty, with a patriot's desire for his nation's power. . . . By collecting his earliest public writings together in one volume, readers will be better able to assess for themselves Hamilton's core commitments and his place in the American political tradition."

-Educational Book Review, July-August 2008

"An examination of his viewpoints as his work is compiled into this book, one can get the idea of what one of the country's founding fathers wished his country to be. The Revolutionary Writings of Alexander Hamilton is a deftly compiled set of work, highly recommended to American history collections."

-The Midwest Book Review, June 2008

lexander Hamilton, trusted military **\(\)**aide and secretary to General George Washington, wrote to persuade. He had the ability to clarify the complex issues of his time without oversimplifying them. From the basic core values established in his earlier writings to the more assertive vision of government in his mature work, we see how Hamilton's thought responded to the emerging nation and how the nation was shaped by his ideas. This comprehensive collection of his early writings, from the period before and during the Revolutionary War, provides a fuller understanding of the development of his thinking.

Richard B. Vernier is Adjunct Professor of American History at Purdue University at Calumet.

Joyce Appleby is Professor Emerita of History at UCLA.

2000. 8½ x 11. Paperback only.

THE FOUNDERS' CONSTITUTION

Five-Volume Series (Also Available Online)

Edited by Philip B. Kurland and Ralph Lerner

"An invaluable resource for every constitutional scholar—and student." -Professor Jack N. Rakove, Stanford University

triumph of primary-source research, The Founders' Constitution is a brilliant five-volume series that presents "extracts from all the leading works of political theory, history, law, and constitutional argument on which the Framers and their contemporaries drew and which they themselves produced."

The documentary sources and inspirations of The Founders' **Constitution** reach to the early seventeenth century and extend through those Amendments to the Constitution that were adopted by 1835.

In cooperation with the University of Chicago Press, Liberty Fund has prepared a new online edition of the entire work at: http://press-pubs. uchicago.edu/founders/

Philip B. Kurland was the William R. Kenan, Jr., Distinguished Service Professor in the College and Professor in the Law School, University of Chicago.

Ralph Lerner is the Benjamin Franklin Professor Emeritus in the College, and Professor Emeritus in the Committee on Social Thought, at the University of Chicago.

POLITICAL SERMONS OF THE **AMERICAN FOUNDING ERA:** 1730-1805

In Two Volumes

Edited by Ellis Sandoz

he early political culture of the American republic was so deeply influenced by the religious consciousness of the New England preachers that it was often through the political sermon that the political rhetoric of the period was formed, refined, and transmitted. Political Sermons of the American Founding Era fills an important need if the American founding period is to be adequately understood.

Ellis Sandoz is Professor of Political Science and Director of the Eric Voegelin Institute at Louisiana State University.

THE SACRED RIGHTS OF CONSCIENCE

Selected Readings on Religious Liberty and Church-State Relations in the American Founding

Edited by Daniel L. Dreisbach and Mark David Hall

he Sacred Rights of Conscience contains original documents from both public and private papers, such as constitutions, statutes, legislative resolutions, speeches, sermons, newspapers, letters, and diaries. These documents provide a vivid reminder that religion was a dynamic factor in shaping American social, legal, and political culture and that there has been a struggle since the inception of the Republic to define the prudential and constitutional role of religion in public culture.

Daniel L. Dreisbach is Professor in the School of Public Affairs at American University in Washington, D.C.

Mark David Hall is Herbert Hoover Distinguished Professor of Political Science at George Fox University.

2001. 6×9 . 652 pages. Introduction, reader's guide, preface to the Gideon Edition, glossary, appendixes, index. Cloth. ISBN 978-0-86597-288-9. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-289-6. \$14.50 / £10.95 / C\$19.50.

1998. 6 x 9. 495 pages. Preface, introduction, personal memoir, bibliographical essay, select bibliography, index. Cloth. ISBN 978-0-86597-192-9. \$29.00 / £23.95 / C\$39.25. Paperback. ISBN 978-0-86597-193-6. \$14.50 / £10.95 / C\$19.50.

2007. 6×9 . 140 pages. Introduction, index. Cloth. ISBN 978-0-86597-688-7. \$20.00 / £14.95 / C\$27.00. Paperback. ISBN 978-0-86597-689-4. \$12.00 / £8.95 / C\$16.25.

THE FEDERALIST

The Gideon Edition

Edited by George W. Carey and James McClellan

"A high-quality, scholarly edition for a great price."
—Library Journal

The Federalist, by Alexander Hamilton, James Madison, and John Jay, constitutes a text central to the American political tradition. The Federalist remains of singular importance to students of liberty around the world.

George W. Carey was Professor of Government at Georgetown University and editor of *The Political Science Reviewer*.

James McClellan (1937–2005) was James Bryce Visiting Fellow in American Studies at the Institute of United States Studies, University of London.

FAME AND THE FOUNDING FATHERS

Essays by Douglass Adair

Edited by Trevor Colbourn

The fifteen articles, essays, notes, and documents gathered in this collection are a permanent contribution to study of the American founding. As teacher, critic, and editor of the William & Mary Quarterly, Adair demonstrated what Trevor Colbourn—one of his principal students-describes as an "extraordinary ability to enter empathetically into the experience and ideology of the Founding Fathers while at the same time writing about them critically and movingly." The volume also includes an affectionate reminiscence of Adair by Caroline Robbins and a bibliographical essay by Robert E. Shalhope.

Douglass Adair (1912–1968) was Professor of History and editor of the *William and Mary Quarterly*.

Trevor Colbourn is President Emeritus at the University of Central Florida.

THE PACIFICUS-HELVIDIUS DEBATES OF 1793-1794

By Alexander Hamilton (Pacificus) and James Madison (Helvidius)

Edited and with an Introduction by Morton J. Frisch

"In the Introduction, Frisch points out that the Founders avoided the inflexibility of most written Constitutions by providing general principles of governance, but not elaborating on certain specifics. He credits the debates for clarifying the constitutional principles that are now associated with executive power. Those interested in enlarging their understanding of the Constitution can ascertain what those powers are by reading this fascinating book. Liberty Fund has performed a great service by bringing together, for the first time, all the documents relevant to the Debates in a single, readable volume."

-www.whatwouldthefoundersthink.com, August 2011

"A scholarly presentation of a classic primary source of American history, worthy of the highest recommendation for college and public library reference collections."

-The Midwest Book Review, June 2008

The Pacificus-Helvidius Debates of 1793–1794 matched Hamilton and Madison in the first chapter of an enduring discussion about the proper roles of executive and legislative branches in the conduct of American foreign policy. The debate addressed whether Washington had the authority to declare America neutral, despite the early alliance treaty with France. The Liberty Fund edition brings together for the first time all the relevant original documents of this controversy.

Morton J. Frisch (1923–2006) was Professor Emeritus of Political Science at Northern Illinois University.

2000. 6 x 9. 509 pages. Foreword, notes on the text, bibliography, index. Cloth. ISBN 978-0-86597-272-8. \$30.00/\$24.95/C\$40.50. Paperback. ISBN 978-0-86597-273-5. \$17.00/\$11.95/C\$23.00.

1999. 6 x 9. 504 pages.

THE WEBSTER-HAYNE DEBATE ON THE NATURE OF THE UNION

Edited and with a Foreword by Herman Belz

The debates between Daniel Webster of Massachusetts and Robert Hayne of South Carolina gave fateful utterance to the differing understandings of the nature of the American Union that had come to predominate in the North and the South by 1830.

To Webster the Union was the indivisible expression of one nation of people. To Hayne the Union was the voluntary compact among sovereign states. Each man spoke more or less for his section, and their classic expositions of their respective views framed the political conflicts that culminated at last in the secession of the Southern states and war between advocates of Union and champions of Confederacy. The *Webster-Hayne Debate* consists of speeches delivered in the United States Senate in January of 1830.

The volume opens with Hayne's speech, which, as Herman Belz observes, turned debates on "the public lands" into "a clash between state sovereignty and national sovereignty, expounded as rival and irreconcilable theories of constitutional construction and the nature of the federal Union." Other speeches in the volume are by Senators Thomas Hart Benton, John Rowan, William Smith, John M. Clayton, and Edward Livingston. Together, these speeches represent every major perspective on "the nature of the Union" in the early nineteenth century.

Herman Belz is Professor of History at the University of Maryland.

VIEW OF THE CONSTITUTION OF THE UNITED STATES

With Selected Writings

By St. George Tucker

Foreword by Clyde N. Wilson

s professor of law at the College of William and Mary, St. George Tucker in 1803 published View of the Constitution—the first extended, systematic commentary on the United States Constitution after its ratification and later its amendment by the Bill of Rights. View of the Constitution was originally part of Tucker's "Americanized" or "republicanized" edition of the multivolume Commentaries on the Laws of England by Sir William Blackstone. Generations of American law students, lawyers, judges, and statesmen learned their Blackstone and also their understanding of the Constitution—through Tucker.

Clyde N. Wilson is Professor of History and editor of *The Papers of John C. Calhoun* at the University of South Carolina.

COLONIAL ORIGINS OF THE AMERICAN CONSTITUTION

A Documentary History

Edited and with an Introductory Essay by Donald S. Lutz

This landmark collection of eighty documents created by the American colonists—and not English officials—is the genesis of American fundamental law and constitutionalism. Included are all documents attempting to unite the colonies, beginning with the New England Confederation of 1643 to demonstrate how local government in colonial America was the seedbed of American constitutionalism. Most of these documents have never before been accessible to the general reader or available in a single volume.

Donald S. Lutz is Professor of Political Science at the University of Houston.

2002. 8½ x 11. 752 pages. Introduction, list of authors, list of illustrations, note on the texts, bibliography. Cloth. ISBN 978-0-86597-332-9. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-333-6. \$14.50 / £10.95 / C\$19.50.

2004. 8½ x 11. 387 pages. Preface, headnotes, bibliography, index. Cloth. ISBN 978-0-86597-417-3. \$30.00 / £24.95 / C\$40.50. Paperback, ISBN 978-0-86597-418-0. \$14.50 / £10.95 / C\$19.50.

TWO-VOLUME SET

1983. 6 x 9. 1,447 pages.

Volume I. 722 pages. Preface, acknowledgments, index. Volume II. 725 pages. Annotated bibliography, index Cloth. ISBN 978-0-86597-038-0. \$42.00 / £29.95 / C\$56.75/set. Paperback. ISBN 978-0-86597-041-0. \$24.00 / £19.95 / C\$32.50/set.

THE AMERICAN REPUBLIC

Primary Sources

Edited by Bruce Frohnen

"The American Republic is an excellent and very welcome addition to American History reference shelves."

—The Midwest Book Review

he American Republic provides, in a single volume, critical, original documents revealing the character of American discourse on the nature and importance of local government, the purposes of federal union, and the role of religion and tradition in forming America's drive for liberty.

Bruce Frohnen is Professor of Law at Ohio Northern University College of Law.

LIBERTY AND ORDER

The First American Party Struggle

Edited and with a Preface by Lance Banning

iberty and Order is an ambitious ✓anthology of primary source writings: letters, circulars, debate transcriptions, House proceedings, and newspaper articles that document the years during which America's Founding generation divided over the sort of country the United States was to become.

With this significant collection, the reader receives a deeper understanding of the complex issues, struggles, and personalities that made up the first great party battle and that continue to shape our representative government today.

Lance Banning (1942–2006) was Professor of History at the University of Kentucky.

AMERICAN POLITICAL WRITING **DURING THE FOUNDING ERA:** 1760-1805

In Two Volumes

Edited by Charles S. Hyneman and Donald S. Lutz

"American Political Writing During the Founding Era is simply the best available collection of the theoretical polemical literature for the era of the American Revolution. It contains not only the standard items but also many pamphlets that, though they are now less well-known, were central to the unfolding political understanding of the American Revolutionary generation."

-Professor Jack Greene, Johns Hopkins University

his selection of essays, pamphlets, speeches, and letters to newspapers written between 1760 and 1805 by American political and religious leaders illuminate the founding of the republic. Many selections are obscure pieces that were previously available only in larger research libraries, but all illuminate the founding of the American republic and are essential reading for students and teachers of American political thought. The second volume includes an annotated bibliography of five hundred additional items for future reference.

The subjects covered in this rich assortment of primary material range from constitutionalism, representation, and republicanism to freedom of the press, religious liberty, and slavery.

Charles S. Hyneman was Professor Emeritus of Political Science at Indiana University before his death in 1984. He was a past president of the American Political Science Association.

Donald S. Lutz is Professor of Political Science at the University of Houston.

2011. 6 x 9. 811 pages.

Preface, headnotes, biographical sketches of the Pennsylvania members of the Federal Convention, biographical sketches of the members of the Pennsylvania Convention.

Cloth. ISBN 978-0-86597-793-8. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-794-5. \$14.50 / £10.95 / C\$19.50.

Foreword, suggested further reading, introduction, selected bibliography, historical introduction to each of the conventions, chronologies, headnotes, analytical tables, index. Cloth. ISBN 978-0-86597-788-4. \$34.00 / £26.95 / C\$46.00. Paperback. ISBN 978-0-86597-789-1. \$17.50 / £11.95 / C\$23.75.

PENNSYLVANIA AND THE FEDERAL **CONSTITUTION, 1787–1788**

Edited by John Bach McMaster and Frederick D. Stone

In Pennsylvania and the Federal **L** Constitution, 1787–1788, John Bach McMaster, a professor of American history, and Frederick D. Stone, librarian of the Historical Society of Pennsylvania, assembled newspaper articles, editorials, and records about the debates in Pennsylvania's ratifying convention. In addition to speeches and essays by both supporters and opponents of the Constitution, noninterpretive editorial comments are presented to introduce the documents and place them in the appropriate historical context. Also included in the volume are biographical sketches of key figures in Pennsylvania during this significant period of the American Founding, including Benjamin Franklin, Gouverneur Morris, Benjamin Rush, and James Wilson.

Pennsylvania was one of the first states to ratify the U.S. Constitution. Twenty hours after the Continental Congress submitted the Constitution to the states, the Assembly of Pennsylvania called a convention to ratify or reject it. The Constitution immediately became the subject of passionate debate, which continued until Washington was sworn in, in 1789. Pennsylvania and the Federal Constitution collects the primary documents that formed this passionate debate.

John Bach McMaster (1852–1932) worked as a civil engineer, taught civil engineering at Princeton University, and was Professor of American History at the University of Pennsylvania.

Frederick D. Stone (1841–1897) was Librarian of the Historical Society of Pennsylvania and an authority on United States colonial history.

DEMOCRACY, LIBERTY, AND PROPERTY

The State Constitutional Conventions of the 1820s

Edited by Merrill D. Peterson

Foreword by G. Alan Tarr

n one volume, **Democracy, Liberty**, **And Property** provides an overview of the state constitutional conventions held in the 1820s. With topics as relevant today as they were then, this collection of essential primary sources sheds light on many of the enduring issues of liberty. Emphasizing the connection between federalism and liberty, the debates that took place at these conventions show how questions of liberty were central to the formation of state government, allowing students and scholars to discover important insights into liberty and to develop a better understanding of U.S. history.

The debates excerpted in **Democracy**, Liberty, and Property focus on the conventions of Massachusetts, New York, and Virginia, and they include contributions from the principal statesmen of the founding era, including John Adams, James Madison, James Monroe, and John Marshall.

Merrill D. Peterson (1921–2009) was Professor Emeritus of History at the University of Virginia and a noted Jeffersonian scholar.

G. Alan Tarr is Distinguished Professor of Political Science and Director of the Center for State Constitutional Studies at Rutgers University-Camden.

2009. 6 x 9. 483 pages.

THE ANTI-FEDERALIST WRITINGS OF THE MELANCTON SMITH CIRCLE

Edited and with an Introduction by Michael Zuckert and Derek A. Webb

he Anti-Federalist Writings of the **Melancton Smith Circle** makes available for the first time a one-volume collection of Anti-Federalist writings that are commensurate in scope, significance, political brilliance, and depth with The Federalist. Included in this volume as an appendix is a computational and contextual analysis that addresses the question of the authorship of two of the most well-known pseudonymous Anti-Federalist writings, namely, Essays of a Federal Farmer and Essays of Brutus. Also included are the records of Smith's important speeches at the New York Ratifying Convention, some shorter writings of Smith's from the ratification debate, and a set of private letters Smith wrote on constitutional subjects at the time of the ratification struggle.

Michael Zuckert is Nancy Reeves Dreux Professor and Chair of the Department of Political Science at the University of Notre Dame.

Derek A. Webb is a Fellow at Stanford Law School's Center for Constitutional Law.

E PLURIBUS UNUM

The Formation of the American Republic, 1776—1790

By Forrest McDonald

"An extraordinary book."
—Gordon S.Wood, Brown University

England, America faced a new question: Would this be politically one nation, or would it not? *E Pluribus Unum* is a spirited look at how that question came to be answered.

Forrest McDonald is Professor Emeritus of American History at the University of Alabama and author of *States' Rights and the Union*.

FRIENDS OF THE CONSTITUTION

Writings of the "Other" Federalists, 1787-1788

Edited by Colleen A. Sheehan and Gary L. McDowell

In a collection central to our understanding of the American founding, *Friends of the Constitution* brings together forty-nine of the most important of these "other" Federalists' writings.

Colleen A. Sheehan is Professor of Political Science at Villanova University.

Gary L. McDowell is the Tyler Haynes Interdisciplinary Professor of Leadership Studies, Political Science, and Law at the University of Richmond in Virginia.

THE EIGHTEENTH-CENTURY COMMONWEALTHMAN

Studies in the Transmission, Development, and Circumstance of English Liberal Thought from the Restoration of Charles II Until the War with the Thirteen Colonies

By Caroline Robbins

In this volume, Caroline Robbins adeptly presents a history of the Commonwealthmen, "a gifted and active minority of the population of the British Isles, who kept alive, during an age of extraordinary complacency and legislative inactivity, a demand for increased liberty of conscience."

Caroline Robbins (1903–1999) taught history at Bryn Mawr College from 1929 to 1971 and was chairman of the department from 1957 to 1969.

2000. 6 x 9. 649 pages.

Preface, illustrations, appendixes, index.

Cloth. ISBN 978-0-86597-255-1. \$27.00 / £22.95 / C\$36.50.

Paperback. ISBN 978-0-86597-256-8. \$14.50 / £10.95 / C\$19.50.

LIBERTY, ORDER, AND JUSTICE

An Introduction to the Constitutional Principles of American Government Revised Third Edition

By James McClellan

Government, *Liberty*, *Order*, and *Justice* seeks to familiarize the student with the basic principles of the Constitution, and to explain their origin, meaning, and purpose. Particular emphasis is placed on federalism and the separation of powers. These features of the book, together with its extensive and unique historical illustrations, make this edition of *Liberty*, *Order*, and *Justice* especially suitable for introductory classes in American Government and for high school students in advanced placement courses.

James McClellan (1937–2005) was the James Bryce Visiting Fellow in American Studies at the Institute of United States Studies, University of London.

IN DEFENSE OF THE CONSTITUTION

By George W. Carey

In Defense of the Constitution argues that modern disciples of Progressivism who subtly distort fundamental principles of the Constitution are determined to centralize political control in Washington, D.C., to achieve their goal of an egalitarian national society. It is in their distrust of self-government and representative institutions that Progressivists advocate, albeit indirectly, an elitist regime based on the power of the Supreme Court—or judicial supremacy.

George W. Carey (1933–2013) was Professor of Government at Georgetown University and editor of *The Political Science Reviewer*.

LIBERTY AND AMERICAN EXPERIENCE IN THE EIGHTEENTH CENTURY

Edited by David Womersley

"Highly recommended. Upper-division undergraduates and above."

—Choice

iberty and American Experience in the Eighteenth Century presents ten new essays on central themes of the American Founding period by some of today's preeminent scholars of American history. The writers explore various aspects of the zeitgeist, among them Burke's theories on property rights and government, the relations between religious and legal understandings of liberty, the significance of Protestant beliefs on the founding, the economic background to the Founders' thought on governance, moral sense theory contrasted with natural rights, and divisions of thought on the nature of liberty and how it was to be preserved.

The articles provide a rich basis for discussion of the American Founding, its background, and its development over the first few decades of the United States' existence.

David Womersley is Thomas Warton Professor of English Literature at the University of Oxford. His most recent book is *Divinity and State*.

2009. $8\frac{1}{2} \times 11$. 616 pages. Introduction, alphabetical table of contents, alphabetical list of authors, list of illustrations, note on the text, index. Cloth. ISBN 978-0-86597-729-7. 30.00/£24.95/C\$40.50. Paperback. ISBN 978-0-86597-730-3. \$14.50/£10.95/C\$19.50.

Liberty Fund is pleased to announce that *The American Nation: Primary Sources* was selected as an Outstanding Academic Title by *Choice: Current Reviews for Academic Libraries.*

2007. 6 x 9. 200 pages. Foreword, appendix: introduction by Herbert J. Storing, index. Quality paperback. ISBN 978-0-86597-697-9. \$12.00 /£8.95 / C\$16.25.

THE AMERICAN NATION

Primary Sources

Edited and with an Introduction by Bruce Frohnen

The American Nation: Primary Sources resumes the narrative begun in its companion volume, The American Republic, which covered the first eight decades of U.S. history, ending at the onset of the Civil War. The American Nation continues the story through America's entrance into World War II.

The American Nation makes available, in one volume, many of the most crucial documents necessary for understanding the variety of policies and viewpoints driving American public life during an important, substantive part of American history. The primary sources in The American Nation are relevant to the Civil War, Reconstruction, the rise of a national capitalist system and culture, the waves of reform-minded thought and policy that moved the nation toward formation of the national administrative and welfare states, and America's emergence as a major power on the world stage. This period was a watershed in the history of the nation—the time of establishing and consolidating national power and laying the foundations of a national government committed to promoting the material well-being of Americans.

Primary documents include the Emancipation Proclamation, the Freedmen's Bureau Bill, the Sherman Antitrust Act, and the Monroe Doctrine.

Bruce Frohnen is Professor of Law at Ohio Northern University College of Law.

THE CREATION OF THE PRESIDENCY, 1775–1789

A Study in Constitutional History

By Charles C. Thach, Jr.

Foreword by Forrest McDonald

Original Introduction by Herbert J. Storing

"This Liberty Fund reprint is a welcome find. The timing is especially auspicious, however, because many themes Thach takes up in his study of Article 2's course through the Philadelphia Convention are central to an understanding of the contemporary presidency. One such theme concerns the founders' struggle to create a vigorous executive that was still republican in character—an executive, in modern parlance, strong enough to govern but still accountable to the Constitution. . . . Summing Up: Highly recommended. All undergraduates."

-Choice, March 2008

Fresh from a battle against monarchy, the American Founders were wary of a strong executive, but they were equally conscious that unchecked legislative power risked all the excesses of democracy. Creating an effective executive who did not dominate the legislative body posed a significant challenge. In *The Creation of the Presidency*, 1775–1789, Charles Thach's lucid analysis reveals how these conflicting concerns shaped the writing of the Constitution and the early clarification of executive powers.

Charles C. Thach, Jr. (1894–1966) was educated at Johns Hopkins University and received his Ph.D. in 1922. He later became a Professor of Government at New York University, where he taught for over thirty years.

Forrest McDonald is Professor Emeritus of American History at the University of Alabama and author of *States' Rights and the Union*.

THE LIFE OF GEORGE WASHINGTON

Special Edition for Schools

By John Marshall, Third Chief Justice of the United States

Edited by Robert Faulkner and Paul Carrese

Jesed throughout the first half of the nineteenth century in schools and colleges, John Marshall's own abridgment of his monumental five-volume biography of George Washington is now available in a Liberty Fund edition that once again brings the spirit of George Washington alive in America's classrooms.

Within eight years of the death of George Washington in 1799, John Marshall, who later became Chief Justice of the United States, published his authoritative five-volume biography. Justice Marshall's biographer, Albert J. Beveridge, describes *The Life of George Washington* as "the fullest and most trustworthy treatment of that period from the conservative point of view."

The editors' foreword and notes, with new maps of major battle campaigns, make this edition especially attractive for classroom use.

Robert Faulkner is Professor of Political Science at Boston College.

Paul Carrese is Associate Professor of Political Science at the United States Air Force Academy.

GEORGE WASHINGTON

A Collection

By George Washington

Compiled and Edited by W. B. Allen

"George Washington: A Collection is an important addition to the literature on the American Revolution. The book provides a splendid introduction to Washington and his political beliefs, to the events of the Revolution through which he lived, and to the eighteenthcentury world."

—Pauline Maier, Massachusetts Institute of Technology

"This volume of correspondence and other writings of George Washington should be very useful to intelligent general readers and to students. Professor Allen's choices are excellent and should enable the reader to gain insight into Washington's political thought and his ideas about American liberty and the republic. It is a fine volume."

-Robert Middlekauff, The Huntington Library

George Washington speaks for himself on behalf of liberty and the emerging American republic in this handsome book, the only one-volume compilation in print of his vast writings.

While Washington is recognized as a military leader and the great symbolic figure of the early republic, many fail to appreciate the full measure of his contributions to the country. In these selections, his political ideas and judgments stand out with remarkable clarity. His writings are replete with sustained, thoughtful commentary and keen political insight.

This volume includes correspondence, all of his presidential addresses, various public proclamations, his last will and testament, and the most comprehensive recompilation of the "discarded first inaugural" ever printed.

W. B. Allen is Professor of Political Philosophy and Director of the Program in Public Policy and Administration at Michigan State University.

TWO-VOLUME SET 1989. 6 x 9. 821 pages. Volume I. Foreword, bibliography, editor's note, list of abbreviations. Volume II. Index for both volumes. Cloth. ISBN 978-0-86597-066-3. \$36.00 / £27.95 / C\$48.75/set. Paperback. ISBN 978-0-86597-069-4. \$24.00 / £19.95 / C\$32.50/set.

Interspersed with Biographical, Political, and Moral Observations

In Two Volumes

By Mercy Otis Warren

Edited and Annotated by Lester H. Cohen

A modern edition of Warren's History is indeed a publishing event. Because Warren was deeply engaged in the political and moral issues of her day, her writing represents a treasure trove, especially for those interested in the political response of women to the republican and liberal ideas animating public debate.

-Joyce Appleby, University of California

ercy Otis Warren has been described as perhaps the most formidable female intellectual in eighteenth-century America. This work (in the first new edition since 1805) is an exciting and comprehensive study of the events of the American Revolution, from the Stamp Act Crisis of 1765 through the ratification of the Constitution in 1788–1789.

Steeped in the classical, republican tradition, Warren was a strong proponent of the American Revolution. She was also suspicious of the newly emerging commercial republic of the 1780s and hostile to the Constitution from an Anti-Federalist perspective, a position that gave her history some notoriety.

Mercy Otis Warren (1728–1814) was one of the most formidable female intellectuals in 18th century America. She wrote plays, poetry, letters, a pamphlet warning of the dangers of the new Constitution, and one of the most important contemporary histories of the American Revolution.

HISTORY OF THE AMERICAN REVOLUTION

In Two Volumes

By David Ramsay

Edited and Annotated by Lester H. Cohen

David Ramsay's premier work of American historiography is now available for the first time in a well-edited reprint. Lester Cohen's foreword is an invaluable guide.

-Arthur H. Shaffer, University of Missouri

avid Ramsay's *History of the American Revolution* appeared in 1789 during an enthusiastic celebration of nationhood. It is the first American national history written by an American revolutionary and printed in America.

Ramsay, a well-known Federalist, was an active participant in many of the events of the period and a member of the Continental Congress from South Carolina.

This is a comprehensive and exciting narrative of the events and ideas of the American Revolution (from the outbreak of turbulence in the 1760s to the onset of Washington's administration) and an ardent Federalist defense of the Constitution of 1787.

This is the first modern edition of the work, based on the original and authorized 1789 version.

David Ramsay (1749–1815) was a doctor from South Carolina who wrote one of the earliest and best known nationalist histories of the American Revolution.

Lester H. Cohen taught history and American Studies at Purdue University.

2010. 6 x 9. 828 pages.

Preface, table of medieval cases, table of modern cases, table of laws and statutes, index.

Cloth. ISBN 978-0-86597-806-5. \$30.00 / £24.95 / C\$40.50. Paperback. ISBN 978-0-86597-807-2. \$14.50 / £10.95 / C\$19.50.

TWO-VOLUME SET

2010. 6 x 9. 1,579 pages.

Preface to the first edition, preface to the second edition, list of abbreviations, list of references, notes and bibliography by S. F. C. Milsom, index.

Cloth. ISBN 978-0-86597-749-5. \$72.00 / £50.95 / C\$97.25/set. Paperback. ISBN 978-0-86597-752-5. \$38.50 / £26.95 / C\$52.00/set.

A CONCISE HISTORY OF THE COMMON LAW

By Theodore F. T. Plucknett

s always during its long history, English common law, upon which American law is based, has had to defend itself against the challenge of civil law's clarity and traditions. That challenge to our common-law heritage remains today. To that end, Liberty Fund now makes available a clear and candid discussion of common law. A Concise History of the Common Law provides a source for common-law understanding of individual rights, not in theory only, but protected through the confusing and messy evolution of courts and their administration as they struggled to resolve real problems. Plucknett's seminal work is intended to convey a sense of historical development—not to serve merely as a work of reference.

The first half of the book is a historical introduction to the study of law. Plucknett discusses the conditions in political, economic, social, and religious thought that have contributed to the genesis of law. This section is a brief, but astoundingly full introduction to the study of law.

The second half of the book consists of chapters introducing the reader to the history of some of the main divisions of law, such as criminal, tort, property, contract, and succession. These topics are treated with careful exposition so that the book will be of interest to those just embarking on their quest in legal history while still providing enough substantial information, references, and footnotes to make it meaningful for the well-versed legal history reader.

Theodore F. T. Plucknett (1897–1965) was an English legal historian. At twenty-six, he was appointed by Roscoe Pound as professor of legal history at Harvard Law School.

THE HISTORY OF ENGLISH LAW BEFORE THE TIME OF EDWARD I

In Two Volumes

By Sir Frederick Pollock and Frederic William Maitland

rst published in 1895, Sir Frederick Pollock and Frederic William Maitland's legal classic The History of English Law before the Time of Edward I expanded the work of Sir Edward Coke and William Blackstone by exploring the origins of key aspects of English common law and society and with them the development of individual rights as these were gradually carved out from the authority of the Crown and the Church. Although it has been more than a century since its initial publication, Pollock and Maitland's work is still considered an accessible and useful foundational reference for scholars of medieval English law.

Volume one begins with an examination of Anglo-Saxon law, goes on to consider the changes in law introduced by the Normans, then moves to the twelfthcentury "Age of Glanvill," with the first great compilation of English laws and customs, followed by the thirteenth-century "Age of Bracton," author of another major treatise on the same subject. Volume two takes up different areas of English law topic by topic, including land tenure, marriage and wardship, fealty, the ranks of men both free and unfree, aliens, Jews, excommunicates, women, and the churches and the King, before turning to the various jurisdictions of that decentralized era.

The History of English Law before the Time of Edward I helps readers explore the origins of English legal exceptionalism and through the English tradition the basis of the law of America, Canada, Australia, and other nations. This work is of interest to legal scholars, historians of the Middle Ages, political scientists, political philosophers, and all those interested in Anglo-Saxon law and early law and society.

THREE-VOLUME SET

2004. 61% x 914. 1,569 pages.

1986. $5\frac{1}{2} \times 8\frac{1}{4}$. 287 pages. Biographical note, preface, glossary, index. Cloth. ISBN 978-0-86597-053-3. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-054-0. \$12.00 / £8.95 / C\$16.25.

THE SELECTED WRITINGS OF SIR EDWARD COKE

In Three Volumes

By Sir Edward Coke

Edited by Steve Sheppard

"When it came to British law, Coke (1552–1634) was akin to a force of nature. In addition to his duties in Parliament as Speaker of the House, it fell to Coke to write down all of British law for academic study. He also was the power behind numerous laws that ended abuses of citizens by the crown; many of his ideas were incorporated into the U.S. Constitution. This three-volume set offers a large selection of his writings for a very reasonable price."

—Library Journal

S ir Edward Coke (1552–1634) successfully defended English liberties against the royal prerogative of the Stuart kings and virtually single-handedly established the rule of law for the English-speaking peoples. Coke's view of English law has had a powerful influence on lawyers, judges, and politicians through the present day.

It was Coke's astonishing task to set down the whole of the law—from Magna Carta to land law to criminal law, and the system of court procedure, from the High Court of Parliament down to the lowest courts of the realm—for students, lawyers, and laymen to understand it. The *Institutes* derived their authority not only from Coke's personal influence but also, in part, from the great authority accorded the *Reports*, which themselves solidified the modern understanding of case law.

The Liberty Fund edition of *The Selected Writings of Sir Edward Coke* is the first anthology of his works ever published.

Steve Sheppard is Dean and the Charles E. Cantú Distinguished Professor of Law at the School of Law, St. Mary's University.

ORIGINS OF THE COMMON LAW

By Arthur R. Hogue

V Tritten for the beginning student as well as the experienced scholar, this introductory analysis of the origin and early development of the English common law provides an excellent grounding for the early study of legal history. Between 1154, when Henry II became king, and 1307, when Edward I died, the common law underwent spectacular growth. The author begins with a discussion of the relationship between the early rules of common law and the social order they serve during this period and concludes with an extended commentary on the durability and continued growth of the common law in modern times.

To paraphrase professor Hogue: In the form of writs, judicial decisions, treatises, royal ordinances, and parliamentary statutes, the common law, in large part the definition of established customs, emerged into explicit written form and formal procedure to better order such ordinary relationships among Englishmen as those between landlord and tenant, merchant and moneylender, and buyer and seller.

In his final chapter, "From Medieval Law to Modern Law," Hogue concludes: "The rule of law, the development of law by means of judicial precedents, the use of the jury to determine the material facts of a case, and the definition of numerous causes of action—these form the principal and valuable legacy of the medieval law to the modern law." And, one might add, to the growth of the concept of liberty as well.

This thoughtful, lucid account is a work of history, not a technical, legal treatise, and should be of interest to the general reader and the specialist alike.

Arthur R. Hogue (1906–1986) was Professor of History at Indiana University.

2008. 6 x 9. 384 pages.

THE ROOTS OF LIBERTY

Magna Carta, Ancient Constitution, and the Anglo-American Tradition of Rule of Law

Edited and with an Introduction by Ellis Sandoz

The Roots of Liberty is a critical collection of essays on the origin and nature of the often elusive idea of liberty. The essays address early medieval developments, encompassing such seminal issues as the common-law mind of the sixteenth century under the Tudor monarchs, the struggle for power and authority between the Stuart kings and Parliament in the seventeenth century, and the role of the ancient constitution in the momentous legal and constitutional debate that occurred between the Glorious Revolution and the American Declaration of Independence.

Ellis Sandoz is Professor of Political Science at Louisiana State University.

CONSTITUTIONALISM: ANCIENT AND MODERN

By Charles Howard McIlwain

onstitutionalism: Ancient and Modern explores the very roots of liberty by examining the development of modern constitutionalism from its ancient and medieval origins. Derived from a series of lectures delivered by Charles Howard McIlwain at Cornell University in the 1938–39 academic year, these lectures provide a useful introduction to the development of modern constitutional forms.

Charles Howard McIlwain won the Pulitzer Prize in 1924 for his constitutional analysis of the American Revolution.

THE "HIGHER LAW" BACKGROUND OF AMERICAN CONSTITUTIONAL LAW

By Edward S. Corwin

The "Higher Law" Background of American Constitutional Law is of unique value in connecting the Western European experience—from the classical world, the Middle Ages, and the seventeenth-century thought of Coke and Locke—to the American founding. This renowned work provides a bold and accurate outline of the tradition behind the "higher law" of the United States and places in historical context the political philosophy underlying the U.S. Declaration of Independence and Constitution.

Edward S. Corwin (1878–1963) served as the McCormick Professor of Jurisprudence at Princeton University from 1908 to 1946.

LECTURES ON THE RELATION BETWEEN LAW AND PUBLIC OPINION IN ENGLAND DURING THE NINETEENTH CENTURY

By A. V. Dicey

Edited and with an Introduction by Richard VandeWetering

This volume brings together a series of lectures A. V. Dicey first gave at Harvard Law School on the influence of public opinion in England during the nineteenth century and its impact on legislation. Dicey's lectures were accurate as a reflection of the anxieties felt by turn-of-the-century Benthamite Liberals in the face of Socialist and New Liberal challenges.

A. V. Dicey (1835–1922) was an English jurist, Vinerian Professor of English Law at Oxford University, and author of, among other works, *The Law of the Constitution* (See page 55).

Richard VandeWetering is Assistant Professor of Political Science at the University of Western Ontario.

THE STORY OF LAW

Expanded Second Edition

By John M. Zane

Foreword, Annotations, and Bibliographies by Charles J. Reid, Jr.

The Story of Law is the only complete outline history of the law ever published. The Story of Law has well been termed "the perfect book for introducing the beginning law student to the origin and history of the law." John M. Zane lucidly describes the growth and improvement of the law over thousands of years, and he points out that an increasing awareness of the individual as a person who is responsible for decision and action gradually transformed the law.

John M. Zane (1863–1937) was a distinguished attorney.

Charles J. Reid, Jr. is Professor at the School of Law, University of Saint Thomas.

THE NATURAL LAW

A Study in Legal and Social History and Philosophy

By Heinrich A. Rommen

Translated by Thomas R. Hanley

Introduction by Russell Hittinger

riginally published in German in 1936, *The Natural Law* is the first work to clarify the differences between traditional natural law as represented in the writings of Cicero, Aquinas, and Hooker and the revolutionary doctrines of natural rights espoused by Hobbes, Locke, and Rousseau.

Heinrich A. Rommen (1897–1967) taught in Germany and England before concluding his distinguished scholarly career at Georgetown University.

Russell Hittinger is William K. Warren Professor of Catholic Studies and Research Professor of Law at the University of Tulsa.

THE LIBRARY OF LAW AND LIBERTY

Your Online Reference for Law

- The Online Library of Law and Liberty's focus is on the content, status, and development of law in the context of republican and limited government and the ways that liberty and law mutually reinforce the other. This site brings together serious debate, commentary, essays, book reviews, interviews, and educational material in a commitment to the first principles of law in a free society. Law and Liberty considers a range of foundational and contemporary legal issues, legal philosophy, political philosophy, and pedagogy.
- The Liberty Law Blog features
 Michael Greve, John McGinnis,
 Michael Rappaport and a host of guest
 contributors.

- Podcasts with leading legal thinkers on contemporary and foundational issues and debates.
- The monthly Liberty Forum debate features serious academic debate on all aspects of law and political philosophy.
- Timely reviews of recent books in law and political philosophy.

CONSTITUTIONALISM AND THE SEPARATION OF POWERS

Second Edition

By M. J. C. Vile

In Constitutionalism and the Separation of Powers, M. J. C. Vile traces the history of the doctrine from its rise during the English Civil War, through its development in the eighteenth century—through subsequent political thought and constitution—making in Britain, France, and the United States.

M. J. C. Vile is Emeritus Professor of Politics at the University of Kent at Canterbury and author of *The Structure of American Federalism*.

GOVERNMENT BY JUDICIARY

The Transformation of the Fourteenth Amendment Second Edition

By Raoul Berger

Foreword by Forrest McDonald

"It is a pleasure to reread Berger's masterwork in a beautifully produced and affordable Second Edition from Liberty Fund."

—First Things

It is Berger's theory that the United States Supreme Court has embarked on "a continuing revision of the Constitution, under the guise of interpretation," thereby subverting America's democratic institutions and wreaking havoc upon Americans' social and political lives.

Raoul Berger (1901–2000) was Charles Warren Senior Fellow in American Legal History, Harvard University.

FREEDOM AND THE LAW

Expanded Third Edition

By Bruno Leoni

Foreword by Arthur Kemp

"This is, even today, a fresh and searching work which deserves both rapt attention and high praise. A masterpiece!"

-Laissez-Faire Books

A ccording to Bruno Leoni, the greatest obstacle to rule of law in our time is the problem of overlegislation. In modern democratic societies, legislative bodies increasingly usurp functions that were, and should be, exercised by individuals or groups rather than government.

Bruno Leoni (1913–1967) was an attorney and Professor of Legal Theory and the Theory of the State at the University of Pavia, Italy.

INTRODUCTION TO THE STUDY OF THE LAW OF THE CONSTITUTION

By A. V. Dicey

Foreword by Roger E. Michener

The Law of the Constitution elucidates the guiding principles of the modern constitution of England: the legislative sovereignty of Parliament, the rule of law, and the binding force of unwritten conventions.

A. V. Dicey (1835–1922) was Vinerian Professor of English Law at Oxford University from 1882 to 1909.

THE WEALTH OF NATIONS

Edited by R. H. Campbell and A. S. Skinner

W. B. Todd, Textual Editor

First published in 1776, the year in which the American Revolution officially began, Smith's *Wealth of Nations* sparked a revolution of its own. In it, Smith analyzes the major elements of political economy, from market pricing and the division of labor to monetary, tax, trade, and other government policies that affect economic behavior. Throughout he offers seminal arguments for free trade, free markets, and limited government.

Criticizing mercantilists who sought to use the state to increase their nations' supply of precious metals, Smith points out that a nation's wealth should be measured by the well-being of its people. Prosperity in turn requires voluntary exchange of goods in a peaceful, well-ordered market.

THE THEORY OF MORAL SENTIMENTS

Edited by D. D. Raphael and A. L. Macfie

he Theory of Moral Sentiments, Smith's first and in his own mind most important work, outlines his view of proper conduct and the institutions and sentiments that make men virtuous. Here he develops his doctrine of the impartial spectator, whose hypothetical disinterested judgment we must use to distinguish right from wrong in any given situation. We by nature pursue our self-interest, according to Smith. This makes independence or self-command an instinctive good, and neutral rules as difficult to craft as they are necessary. But society is not held together merely by neutral rules; it is held together by sympathy.

LECTURES ON RHETORIC AND BELLES LETTRES

Edited by J. C. Bryce

The "Notes of Dr. Smith's Rhetorick Lectures," discovered in 1958 by a University of Aberdeen professor, consists of lecture notes taken by two of Smith's students at the University of Glasgow in 1762–1763. There are thirty lectures in the collection, all on rhetoric and the different kinds or characteristics of style.

The book is divided into "an examination of the several ways of communicating our thoughts by speech" and "an attention to the principles of those literary compositions which contribute to persuasion or entertainment." The species of communication discussed include descriptive and narrative (or historical) composition, poetry, demonstrative oratory, panegyric, didactic or scientific language, deliberative oratory, and judicial or forensic oratory.

The subjects addressed in his teachings include the style and genius of some of the best of the ancient writers and poets, especially the historians and the English classics.

Adam Smith (1723–1790) is commonly regarded as the first modern economist with the publication in 1776 of *The Wealth of Nations*. He wrote in a wide range of disciplines: moral philosophy, jurisprudence, rhetoric and literature, and the history of science. He was one of the leading figures in the Scottish Enlightenment and is viewed as the founder of modern economic thought.

1982. 6×9 . 618 pages. Introduction, appendixes, indexes. Paperback only. ISBN 978-0-86597-011-3. \$14.50 / £10.95 / C\$19.50.

1982. 6 x 9. 391 pages. Introduction, index. Paperback only. ISBN 978-0-86597-023-6. \$14.50 /£10.95 / C\$19.50.

Preface, appendixes, index of persons, index of books and subjects.

Paperback only. ISBN 978-0-913966-99-0. \$14.50 / £10.95 / C\$19.50.

2003. 6 x 9. 218 pages. Paperback only. ISBN 978-0-86597-388-6. \$14.50 /£10.95 / C\$19.50.

LECTURES ON JURISPRUDENCE

Edited by R. L. Meek, D. D. Raphael and P. G. Stein

Smith's *Lectures on Juvisprudence*, originally delivered at the University of Glasgow in 1762–1763, presents his "theory of the rules by which civil government ought to be directed." Building on his *Theory of Moral Sentiments*, Smith argues that the state must act as an impartial spectator, judging when an individual has been injured. Thus, regulations concerning trade, commerce, and production must be crafted so as to encourage rather than interfere with our productive capacities.

ESSAYS ON PHILOSOPHICAL SUBJECTS

Edited by W. P. D. Wightman and J. C. Bryce

Reflecting Adam Smith's wide learning and varied interests, these essays shed considerable light on his place in the Scottish Enlightenment. Included are histories of astronomy, ancient logic, and ancient physics; essays on the "imitative" arts and the affinity between music, dancing, and poetry; and a critical review of Samuel Johnson's famous *Dictionary*, which Smith originally published in the *Edinburgh Review* (1755–1756).

CORRESPONDENCE OF ADAM SMITH Revised Edition

Edited by E. C. Mossner and I. S. Ross

This volume offers an engaging portrait of Smith through more than four hundred letters; also included are appendixes with Smith's thoughts on the "Contest with America" and a collection of letters from Jeremy Bentham.

INDEX TO THE WORKS OF ADAM SMITH

Compiled by Knud Haakonssen and A. S. Skinner

This comprehensive *Index to the Works of Adam Smith* gives students and researchers in all fields a single, unified source for locating Adam Smith's many contributions to such diverse fields as economics, morality, philosophy, and law.

The easy-to-use index helps students, readers, and researchers trace their topics of interest through all of Adam Smith's work. The index covers *The Wealth of Nations, The Theory of Moral Sentiments, Essays on Philosophical Subjects, Lectures on Jurisprudence,* and *Lectures on Rhetoric and Belles Lettres.*

THE GLASGOW EDITION OF THE WORKS AND CORRESPONDENCE OF ADAM SMITH

Now complete in seven titles/eight volumes, this series is the first uniform collection of Adam Smith's writings.

Paperback Set Only. ISBN 978-0-86597-369-5. \$107.00 / £81.60 / C\$144.50.

THE ONLINE LIBRARY OF LIBERTY

A Multi-Award Winning Site from Liberty Fund

iberty Fund's Online Library of Liberty ✓is an internationally recognized, multiaward winning Web site which has some of the best humanities and social science content available on the Internet. It has won awards from the National Endowment for the Humanities, the British Arts and Humanities Research Council, and the International Political Science Association. The Library has over 1,400 volumes in multiple formats by over 500 authors from ancient Sumeria to the present day, while the Forum has over 1,000 essays and study aids about the texts and authors. These study aids are linked to the titles in the Library collection to encourage further exploration of the ideas of individual liberty, free markets, and limited government.

Advanced Search Engine

An advanced search engine allows searching across the entire collection or by author, subject area, collection, or individual title. The search results can be further limited by using filters according to author or subject area.

Guides to Authors and Titles

Every author has a biography page with information about his or her life and work and a list of the author's online titles.

The authors are conveniently grouped by historical period and into schools of thought. Every title has a table of contents page with options to view the book in multiple

formats (facsimile PDF, HTML, E-book, epub, or Kindle) or in smaller sections. The titles are grouped by discipline, intellectual debates, topics, and other interesting collections. Multiple and conflicting points of view are presented so that each text can be better seen in its intellectual and historical context.

Special Collections

Many of the books published by Liberty Fund are also available online. Of particular scholarly significance are the following:

- The Natural Law and Enlightenment Classics series (41 of 44 volumes currently available)
- The 36-hour-long digital audio collection The Intellectual Portrait Series: Conversations with Leading Classical Liberal Figures of Our Time
- The Works and Correspondence of David Ricardo (11 volumes)
- Collected Works of John Stuart Mill (33 volumes)
- A new translation of the French, historicalcritical edition of Tocqueville's Democracy in America

VISIT THE OLL AT:
HTTP://OLL.LIBERTYFUND.ORG
OR ON FACEBOOK AT WWW.FACEBOOK.
COM/ONLINELIBRARYOFLIBERTY

The Portable Library of Liberty

The Portable Library of Liberty (PLL) DVD is free of charge upon request. It contains over 1,000 titles in PDF, epub, and Kindle formats drawn from the larger collection of the OLL. It is an excellent way to get teaching and learning materials into the hands of those who do not have a high-speed Internet connection or who just wish to have their own personal copies of these essential books in a self-contained, searchable format.

Liberty Matters

Every second month we invite a leading scholar to write an essay assessing the contribution of one of the authors in the OLL collection. This essay is then commented upon by 3 or more other scholars in an online discussion forum which lasts the rest of the month. Examples include "John Locke on Property" and "James Buchanan: An Assessment."

Quotations about Liberty and Power

There are over 500 quotes of the week drawn from works in the OLL collection which cover topics such as Free Trade, Money and Banking, Political Parties and Elections, Tyrants and Despots, and War and Peace.

LIBERTY REVIEW

Online Journal Summaries

HTTP://liberty-review.org

Liberty Review features a selection of interdisciplinary journal article summaries. The summaries are selected by Liberty Fund Fellows on the basis both of their own research interests and of their relevance for Liberty Fund's mission: to contribute to the preservation and development of individual liberty through research and educational activities.

Liberty Review selections are typically drawn from journals such as *The Review of Politics, Philosophy and Public Affairs*,

Political Theory, American Economics Review, Public Choice, American Journal of Political Science, Journal of Political Economy, Quarterly Journal of Economics, The William and Mary Quarterly, and History of Political Economy among many others.

Print issues of Liberty Review are published twice a year and are available for downloading from the website. Print issues feature a selection of our website entries plus other bibliographical sections of interest to classical liberal scholars.

NATURAL LAW AND ENLIGHTENMENT CLASSICS SERIES

The history of liberty has not been a matter of simple, steady progress from one level of achievement to the next. The intellectual struggle to articulate the theory of classical liberalism was often as hard fought as the physical battle for its political realization.

The *Natural Law and Enlightenment Classics Series* presents not only some of the most famous figures from this history but also the lesser-known theorists who contributed their part to the contest of ideas. Through some of the Enlightenment's most significant and most unusual works on natural law, moral philosophy, political theory, jurisprudence, and theology, the series offers readers a far deeper and more nuanced understanding of classical liberal ideas and their development than has been possible until now.

Under the general editorship of Knud Haakonssen, this series includes works by Hugo Grotius, Samuel Pufendorf, Richard Cumberland, Francis Hutcheson, George Turnbull, Jean-Jacques Burlamaqui, Emer de Vattel, Jean Louis De Lolme, and many others. Distinguished scholars from all

over the world have edited these volumes, providing concise introductions to place the work in context. Each text also has annotations, an index, and, when necessary, supplemental appendixes. As appropriate, the series includes specially commissioned translations of Latin texts that have never before been published in English.

The series comprises over forty volumes spanning the seventeenth and eighteenth centuries. To the scholar the series is an indispensable reference, to the student an enlightening education, to the citizen of the world a source of insight and inspiration.

Knud Haakonssen, Series General Editor, is Professor Emeritus of Intellectual History at the University of Sussex, England, and visiting Professor at the Max Weber Centre for Advanced Study at the University of Erfurt, Germany.

A PHILOSOPHICAL COMMENTARY ON THESE WORDS OF THE GOSPEL, LUKE 14:23, "COMPEL THEM TO COME IN, THAT MY HOUSE MAY BE FULL"

By Pierre Bayle

Edited and with an Introduction by John Kilcullen and Chandran Kukathas

Philosophical Commentary deals with church and state, religious toleration, legal enforcement of religious practices, and religiously motivated violence.

Pierre Bayle (1647–1706) was a Protestant philosopher and critic.

John Kilcullen is Senior Research Fellow, Humanities, at Macquarie University, Sydney, Australia.

Chandran Kukathas is Chair in Political Theory at The London School of Economics and Political Science, University of London.

ON TEMPORAL AND SPIRITUAL AUTHORITY

By Robert Bellarmine

Edited, Translated, and with an Introduction by Stefania Tutino

Robert Bellarmine was one of the most original and influential political theorists of his time. His writings present coherent definitions of the nature and aim of temporal authority and its relationship to spiritual authority.

This fresh translation will be interesting to a wide readership of both scholars of political thought and the educated general public.

Robert Bellarmine (1542–1621) was a Jesuit cardinal.

Stefania Tutino is a Professor of History and Religious Studies, University of California, Santa Barbara.

THE PRINCIPLES OF NATURAL AND POLITIC LAW

By Jean-Jacques Burlamaqui

Translated by Thomas Nugent (1763)

Edited and with an Introduction by Petter Korkman

Born in 1694, Jean-Jacques Burlamaqui helped transform the modern tradition of natural law and convey it to new generations.

Jean-Jacques Burlamaqui

(1694-1748) was a Swiss jurist.

Petter Korkman is a Fellow at the Helsinki Collegium for Advanced Studies and is a Postdoctoral Researcher in Philosophy at the Academy of Finland.

NATURAL RIGHTS ON THE THRESHOLD OF THE SCOTTISH ENLIGHTENMENT

The Writings of Gershom Carmichael

By Gershom Carmichael

Edited by James Moore and Michael Silverthorne, with a Foreword by James Moore

Translated by Michael Silverthorne

Gershom Carmichael (1672–1729) was the first professor of moral philosophy at the University of Glasgow, preceding Hutcheson, Smith, and Reid. He defended a strong theory of rights and drew attention to Grotius, Pufendorf, and Locke.

James Moore is Professor of Political Science at Concordia University in Montreal.

Michael Silverthorne is Honorary University Fellow in the School of Classics at the University of Exeter.

2002. 6 x 9. 271 pages. Foreword, annotations, index. Cloth. ISBN 978-0-86597-327-5. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-328-2. \$14.50 / £10.95 / C\$19.50.

AN ELEGANT AND LEARNED DISCOURSE OF THE LIGHT OF NATURE

By Nathaniel Culverwell

Edited by Robert A. Greene and Hugh MacCallum

Foreword by Robert A. Greene

n Elegant and Learned Discourse of the Light of Nature is a concerted effort at intellectual mediation in the deep religious dispute of the English civil war in the seventeenth century. On one side was the antinomian assertion of extreme Calvinists that the elect were redeemed by God's free grace and thereby free from ordinary moral obligations. Opposite to that was the Arminian rejection of predestination and assertion that Christ died for all, not just for the elect.

Robert A. Greene was Professor of English at the University of Massachusetts at Boston.

Hugh MacCallum was Professor Emeritus of English at the University of Toronto.

A TREATISE OF THE LAWS OF NATURE

By Richard Cumberland

Translated, with Introduction and Appendix, by John Maxwell (1727)

Edited and with a Foreword by Jon Parkin

A Treatise of the Laws of Nature, originally titled *De Legibus Naturae*, first appeared in 1672 as a theoretical response to a range of issues that came together during the late 1660s. It conveyed a conviction that science might offer a more effective means of demonstrating both the contents and the obligatory force of the law of nature.

Jon Parkin is a Lecturer in Politics at the University of York, United Kingdom.

THE CONSTITUTION OF ENGLAND

By Jean Louis De Lolme

Edited and with an Introduction by David Lieberman

In the vein of Charles Louis
Montesquieu's Spirit of the Laws (1748)
and William Blackstone's Commentaries
on the Laws of England (1765–1769), De
Lolme's account of the English system
of government exercised an extensive
influence on political debate in Britain,
on constitutional design in the United
States during the Founding era, and on
the growth of liberal political thought
throughout the nineteenth century.

David Lieberman is Jefferson E. Peyser Professor of Law at the University of California, Berkeley.

THE ELEMENTS OF MORAL PHILOSOPHY, WITH A BRIEF ACCOUNT OF THE NATURE, PROGRESS, AND ORIGIN OF PHILOSOPHY

By David Fordyce

Edited and with an Introduction by Thomas D. Kennedy

Though little known today, David Fordyce was an important figure in the Scottish Enlightenment and closely associated with liberal Dissenters in England. His *Elements of Moral Philosophy* was a notable contribution to the curriculum in moral philosophy and one of the most widely circulated texts in moral philosophy in the second half of the eighteenth century.

Thomas D. Kennedy is Associate Professor of Philosophy at Valparaiso University.

2006. 6 x 9. 660 pages.

Introduction, note on the text, maps, translator's annotations and appendix A from Carnegie edition, new annotations and appendixes, bibliography, suggestions for further reading, expanded and revised subject and author indexes from the Carnegie edition. Cloth. ISBN 978-0-86597-474-6. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-475-3. \$14.50 / £10.95 / C\$19.50.

2004. 6 x 9. 170 pages.

Map, introduction, note on the texts, annotations, bibliography, index.

COMMENTARY ON THE LAW OF PRIZE AND BOOTY

By Hugo Grotius

Edited and with an Introduction by Martine Julia van Ittersum

his Liberty Fund edition of Commentary on the Law of Prize and Booty is based on the one prepared by Gwladys L. Williams and Walter H. Zeydel for the Carnegie Endowment for International Peace. It combines the original text and new material.

Hugo Grotius (1583–1645) was a lawyer and legal theorist, diplomat and political philosopher, ecumenical activist, and theologian.

Martine Julia van Ittersum is a Lecturer in History at the University of Dundee.

THE FREE SEA

By Hugo Grotius

Translated by Richard Hakluyt

Edited and with an Introduction by David Armitage

iberty Fund's edition of *→ The Free Sea* is the only translation of Grotius's masterpiece undertaken in his own lifetime, left in manuscript by the English historian, Richard Hakluyt (1552–1616). It also contains William Welwod's critique of Grotius (reprinted for the first time since the seventeenth century) and Grotius's reply to Welwod. These documents provide an indispensable introduction to modern ideas of sovereignty and property as they emerged from the early-modern tradition of natural law.

David Armitage is the Lloyd C. Blankfein Professor of History at Harvard University.

THE RIGHTS OF WAR AND PEACE

In Three Volumes

By Hugo Grotius

Edited and with an Introduction by Richard Tuck

Cince the nineteenth century, Hugo Grotius's **Rights of War and Peace** has been the classic work in modern international law, laving the foundation for a universal code of law.

Grotius's continuing influence owed much to the eighteenth-century French editor Jean Barbeyrac, whose extensive commentary was standard in most editions, including the classic English one (1738), which is the basis for the Liberty Fund edition. The present edition includes the Prolegomena to the first edition (1625), which had never before been translated into English.

Richard Tuck is a Fellow of Jesus College, Cambridge, and Professor of Government at Harvard University.

THE TRUTH OF THE CHRISTIAN **RELIGION**

By Hugo Grotius

With Jean Le Clerc's Additions

Translated by John Clarke (1743)

Edited and with an Introduction by Maria Rosa Antognazza

rotius's The Truth of the Christian **Religion** was first published in Leiden in 1627 in Latin. Written in plain and direct language for his countrymen, this short work aimed to show those who would encounter pagans, Muslims, and Jews that the Christian religion was the true revealed religion. In addition to "fortifying" the beliefs of his fellow Christians, the treatise intended to convince non-Christians of "the reasonableness of believing and embracing the Christian Religion above any other."

Maria Rosa Antognazza is Professor of Philosophy and Department Head at King's College London.

2008. 6 x 9. 711 pages. Introduction, annotations, bibliography, index. Cloth. ISBN 978-0-86597-478-4. \$24.00 /£19.95 / C\$32.50. Paperback. ISBN 978-0-86597-479-1. \$14.50 /£10.95 / C\$19.50.

2008. 6 x 9. 275 pages. Introduction, note on the text, annotations, textual notes, index. Cloth. ISBN 978-0-86597-773-0. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-774-7. \$14.50 / £10.95 / C\$19.50.

A METHODICAL SYSTEM OF UNIVERSAL LAW, WITH SUPPLEMENTS AND A DISCOURSE BY GEORGE TURNBULL

By Johann Gottlieb Heineccius

Edited and with an Introduction by Thomas Ahnert and Peter Schröder

George Turnbull's eighteenth-century translation of *A Methodical System of Universal Law* was his major effort to convey continental natural law to Britain, thus making Heineccius's natural jurisprudence more accessible to English-speaking audiences. Turnbull includes extensive comments on Heineccius's text and also presents his own philosophical work, *A Discourse upon the Nature and Origin of Moral and Civil Laws*.

Thomas Ahnert is a Lecturer in History at the University of Edinburgh, Scotland.

Peter Schröder is Senior Lecturer in the History Department at University College, London.

AN ESSAY ON THE NATURE AND CONDUCT OF THE PASSIONS AND AFFECTIONS, WITH ILLUSTRATIONS ON THE MORAL SENSE

By Francis Hutcheson

Edited and with an Introduction by Aaron Garrett

In An Essay on the Nature and Conduct of the Passions and Affections, with Illustrations on the Moral Sense, Francis Hutcheson answers the criticism that had been leveled against his first book, Inquiry into the Original of Our Ideas of Beauty and Virtue (1725). Together the two works constitute the great innovation in philosophy for which Hutcheson is most well known.

Aaron Garrett is Associate Professor of Philosophy at Boston University.

AN INQUIRY INTO THE ORIGINAL OF OUR IDEAS OF BEAUTY AND VIRTUE

Revised Edition

By Francis Hutcheson

Edited and with an Introduction by Wolfgang Leidhold

"Students of Hutcheson can now trace the changing states of his Inquiry by consulting a single volume. This important work, available in an attractively printed and inexpensive edition, will doubtless bring new attention to the philosophy of a key figure in eighteenth-century Irish and Scottish thought."

—Daniel Carey, National University of Ireland, Galway

Eighteenth-Century Scotland, Spring 2005

"Like other Liberty Fund publications, these volumes are elegantly designed, excellently produced, and moderately priced. To handle and read them is a pleasure."

—Thomas Mautner, Australian National University Ideas, Esthetics, and Inquiries in the Early Modern Era, Volume 1.1

Francis Hutcheson's first book,

An Inquiry into the Original of

Our Ideas of Beauty and Virtue, was published in 1725, when its author was only thirty-one, and went through four editions during his lifetime. This seminal text of the Scottish Enlightenment is now available for the first time in a variorum edition based on the 1726 edition.

The *Inquiry* was written as a critical response to the work of Bernard Mandeville and as a defense of the ideas of Anthony Ashley Cooper, Lord Shaftesbury. It consists of two treatises exploring our aesthetic and our moral abilities.

Wolfgang Leidhold is Professor of Political Science at the University of Cologne.

2006. 6 x 9. 265 pages. Introduction, note on the text, annotations, bibliography, index. Cloth. ISBN 978-0-86597-446-3. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-447-0. \$14.50 / £10.95 / C\$19.50.

2007. 6×9 . 632 pages. Introduction, editorial notes, abbreviations used in notes, bibliographies, index.

Cloth. ISBN 978-0-86597-452-4. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-453-1. \$14.50 / £10.95 / C\$19.50.

2008. 6 x 9. 248 pages. Introduction, note on the text, endnotes, bibliography, index. Cloth. ISBN 978-0-86597-510-1. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-511-8. \$14.50 / £10.95 / C\$19.50.

LOGIC, METAPHYSICS, AND THE NATURAL SOCIABILITY OF MANKIND

By Francis Hutcheson

Edited by James Moore and Michael Silverthorne, with an Introduction by James Moore

Translated by Michael Silverthorne

Thill the publication of this Liberty Fund edition, all but one of the works contained in *Logic, Metaphysics, and the Natural Sociability of Mankind* were available only in Latin. This milestone English translation will provide a general audience with insight into Hutcheson's thought.

Francis Hutcheson (1694–1746) was educated at the University of Glasgow, where he assumed the chair of moral philosophy in 1729.

James Moore is Emeritus Professor of Political Science at Concordia University in Montreal.

Michael Silverthorne is Honorary University Fellow in the School of Classics at the University of Exeter.

PHILOSOPHIAE MORALIS INSTITUTIO COMPENDIARIA, WITH A SHORT INTRODUCTION TO MORAL PHILOSOPHY

By Francis Hutcheson

Edited and with an Introduction by Luigi Turco

In this new, dual-language edition, Hutcheson's Latin *Philosophiae*Moralis Institutio Compendiaria is presented on facing pages with its English translation, A Short Introduction to Moral Philosophy, together with all the relevant alterations of the 1745 edition relating to the 1742 edition of the Institutio, including all the omissions and additions by the translator in the Short Introduction.

Luigi Turco is Professor of Philosophy at the University of Bologna.

THE MEDITATIONS OF THE EMPEROR MARCUS AURELIUS ANTONINUS

Translated by Francis Hutcheson and James Moor

Edited and with an Introduction by James Moore and Michael Silverthorne

This 1742 translation is a collaborative work by Francis Hutcheson and a colleague at Glasgow University, the classicist James Moor. Although Hutcheson was secretive about the extent of his work on the book, he was clearly the leading spirit of the project.

This influential classical work offers a vision of a universe governed by a natural law that obliges us to love mankind and to govern our lives in accordance with the natural order of things.

In many ways, Hutcheson and Moor's *The Meditations of the Emperor Marcus Aurelius Antoninus* is a companion volume to Hutcheson's Latin work on ethics, released in the same year, *Philosophiae Moralis Institutio Compendiaria*. In the latter volume, which is also available from Liberty Fund, Hutcheson continues a theme that proffered his ethics as a modern and, not least, Christianized version of Stoicism.

ELEMENTS OF CRITICISM

In Two Volumes

By Henry Home, Lord Kames Edited and with an Introduction by Peter Jones

Elements of Criticism is Kames's most influential work. When it first appeared, in 1762, it was the most comprehensive philosophical work on "criticism" in English, and it was published in five editions during Kames's lifetime and another forty editions over the next century. In America, Elements of Criticism served as a standard text for college students of English.

Henry Home, Lord Kames, (1696–1762) was one of the leaders of the Scottish Enlightenment.

Peter Jones is Professor Emeritus of Philosophy at the University of Edinburgh.

ESSAYS ON THE PRINCIPLES OF MORALITY AND NATURAL RELIGION

By Henry Home, Lord Kames Edited and with an Introduction by Mary Catherine Moran

The *Essays* is commonly considered Kames's most important philosophical work. In the first part, he sets forth the principles and foundations of morality and justice, attacking Hume's moral skepticism and addressing the controversial issue of the freedom of human will. In the second part, Kames focuses on questions of metaphysics and epistemology to offer a natural theology in which the authority of the external senses is an important basis for belief in the Deity.

Mary Catherine Moran taught in the Department of History at Columbia University.

PRINCIPLES OF EQUITY

By Henry Home, Lord Kames Edited and with an Introduction by Michael Lobban

Principles of Equity is significant as an example of the approach of an Enlightenment thinker to practical legal questions and as an early attempt to reduce law to principles. Kames himself saw this as his most important work, and scholars both of his theory and of the broader Scottish Enlightenment will find it gives essential insights into the thought of this central figure. There is evidence that this book was well known in the formative years of the United States and that both Benjamin Franklin and Thomas Jefferson were familiar with Kames's treatise.

Michael Lobban is Professor of Legal History at Queen Mary, University of London.

SKETCHES OF THE HISTORY OF MAN

In Three Volumes

By Henry Home, Lord Kames Edited and with an Introduction by James A. Harris

Sketches of the History of Man draws together the concerns of many of his earlier works. The first book considers man in the private sphere, while the second explores man in the public sphere. The final book is an account of progress in the sciences of logic, morals, and theology. Throughout the entire work, Kames expounds on his fundamental hypothesis that, at the beginning of the history of the human race, savagery was ubiquitous and that the human story is one of an emergence out of barbarism and toward maturity.

James A. Harris is a Lecturer in Philosophy at the University of St. Andrews in Scotland.

2006. 6 x 9. 341 pages.

Introduction, note on the texts used in this edition, annotations, chronology of James Mackintosh's life, selective chronology of events relating to the French Revolution and to parliamentary reform in Britain, dramatis personae, index.

Cloth. ISBN 978-0-86597-462-3. 24.00 / 19.95 / 32.50. Paperback. ISBN 978-0-86597-463-0. 14.50 / 10.95 / 1

VINDICIAE GALLICAE AND OTHER WRITINGS ON THE FRENCH REVOLUTION

By James Mackintosh

Edited and with an Introduction by Donald Winch

Indiciae Gallicae contributed to the debate begun by Edmund Burke's Reflections on the Revolution in France.

The success of Mackintosh's defense of the French Revolution propelled him into the heart of London Whig circles. Following the 1792 massacres Mackintosh's opinions moved closer to Burke's position. This edition includes his Discourse on the Law of Nature and Nations, Letter to William Pitt, and On the State of France in 1815.

James Mackintosh (1765–1832) was a prominent Scottish Whig.

Donald Winch is Research Professor in the School of Humanities at the University of Sussex and a Fellow of the British Academy.

AN HISTORICAL VIEW OF THE ENGLISH GOVERNMENT

By John Millar

Edited by Mark Salber Phillips and Dale R. Smith, with an Introduction by Mark Salber Phillips

n Historical View of the English Government traces the development of the "great outlines of the English constitution"—the history of institutions of English liberty from Saxon antiquity to the revolution settlement of 1689.

John Millar (1735–1801) attended Adam Smith's lectures at the University of Glasgow and later became a distinguished professor of law there.

Mark Salber Phillips is Professor of History at Carleton University in Ottawa.

Dale R. Smith completed his doctorate in history at the University of British Columbia.

THE ORIGIN OF THE DISTINCTION OF RANKS

By John Millar

Edited and with an Introduction by Aaron Garrett

The Origin of the Distinction of Ranks is one of the major products of the Scottish Enlightenment and a masterpiece of jurisprudence and social theory. Drawing on Adam Smith's four-stages theory of history and the natural law's traditional division of domestic duties into those toward servants, children, and women, Millar provides a rich historical analysis of the ways in which progressive economic change transforms the nature of authority.

Aaron Garrett is Associate Professor of Philosophy at Boston University.

THE DIVINE FEUDAL LAW: OR, COVENANTS WITH MANKIND, REPRESENTED

By Samuel Pufendorf

Translated by Theophilus Dorrington (1703)

Edited and with an Introduction by Simone Zurbuchen

The Divine Feudal Law sets forth Pufendorf's basis for the reunion of the Lutheran and Calvinist confessions. This attempt to seek a "conciliation" between the confessions complements the concept of toleration discussed in Of the Nature and Qualification of Religion in Reference to Civil Society.

Samuel Pufendorf (1632–1694) taught natural law and was court historian in both Germany and Sweden.

Simone Zurbuchen is Professor of Philosophy at the University of Fribourg, Switzerland.

2013. 6 x 9. 768 pages. Editor's introductory essay, note on the text, editor's footnotes, appendixes, bibliography, index.

AN INTRODUCTION TO THE HISTORY OF THE PRINCIPAL KINGDOMS AND STATES OF EUROPE

By Samuel Pufendorf

Translated by Jodocus Crull (1695)

Edited and with an Introduction by Michael J. Seidler

Pufendorf's An Introduction to the History of the Principal Kingdoms and States of Europe (1682) became one of his most famous and widely reprinted works. It went through multiple editions during the eighteenth century, but its impact has largely been forgotten.

This book makes available to contemporary scholars and students a carefully edited, helpfully annotated, and historically situated English version of one of Pufendorf's most popular and influential works.

Michael J. Seidler is Professor of Philosophy at Western Kentucky University.

OF THE NATURE AND QUALIFICATION OF RELIGION IN REFERENCE TO CIVIL SOCIETY

By Samuel Pufendorf

Translated by Jodocus Crull (1698)

Edited and with an Introduction by Simone Zurbuchen

Samuel Pufendorf's *Of the Nature and Qualification of Religion* (published in Latin in 1687) is a major work on the separation of politics and religion. Written in response to the revocation of the Edict of Nantes by the French king Louis XIV, Pufendorf contests the right of the sovereign to control the religion of his subjects, because state and religion pursue wholly different ends. He concludes that, when rulers transgress their bounds, subjects have a right to defend their religion, even by the force of arms.

Pufendorf's ideas on natural law and toleration were highly influential in both Europe and the British Isles.

THE PRESENT STATE OF GERMANY

By Samuel Pufendorf

Translated by Edmund Bohun (1696)

Edited and with an Introduction by Michael J. Seidler

Samuel Pufendorf's *The Present State* of *Germany* was first published in 1667 (under the pseudonym Severinus de Monzambano) and immediately became one of the most notorious works in Europe for the next half century. Its trenchant critique of previous theories of the Holy Roman Empire elicited both attacks and defenses, and it also anticipated many elements in Pufendorf's subsequent writings on natural law, history, and religion.

TWO BOOKS OF THE ELEMENTS OF UNIVERSAL JURISPRUDENCE

By Samuel Pufendorf

Translated by William Abbott Oldfather (1931)

Edited and with an Introduction by Thomas Behme

Two Books of the Elements of Universal Jurisprudence was
Pufendorf's first work, published in 1660.
Its appearance effectively inaugurated the modern natural-law movement in the German-speaking world, establishing Pufendorf as a key figure.

Thomas Behme is a member of the faculty at the Institute for Philosophy, Free University of Berlin.

THE WHOLE DUTY OF MAN, ACCORDING TO THE LAW OF NATURE

By Samuel Pufendorf

Translated by Andrew Tooke et al. (1735)

Edited and with an Introduction by Ian Hunter and David Saunders

Two Discourses and a Commentary by Jean Barbeyrac (translated by David Saunders)

Samuel Pufendorf's *The Whole Duty* of *Man, According to the Law of Nature* suggested a purely conventional basis for natural law. Rejecting scholasticism's metaphysical theories, Pufendorf found the source of natural law in humanity's need to cultivate sociability.

Ian Hunter is Australian Professorial Fellow in the Centre for the History of European Discourses, University of Queensland.

David Saunders is Professor Emeritus in the Faculty of Arts at Griffith University.

SELECTIONS FROM THREE WORKS

A Treatise on Laws and God the Lawgiver A Defence of the Catholic and Apostolic Faith A Work on the Three Theological Virtues: Faith, Hope, and Charity

By Francisco Suárez

Edited and with an Introduction by Thomas Pink

ost of the selections translated in this volume are from *On the Laws* and *God the Law-Giver* (*De legibus ac Deo legislatore*, 1612), a work that is considered one of Suárez's greatest achievements.

Francisco Suárez (1548–1617), considered the foremost Jesuit theologian, was a professor of philosophy and of theology and a founder of international law.

Thomas Pink is Professor of Philosophy at King's College London.

ESSAYS ON CHURCH, STATE, AND POLITICS

By Christian Thomasius

Edited, Translated, and with an Introduction by Ian Hunter, Thomas Ahnert, and Frank Grunert

The works found in *Essays on Church, State, and Politics*, which originated as disputations, theses, and pamphlets, were direct interventions in the unresolved issue of the political role of religion in Brandenburg-Prussia, a state in which a Calvinist dynasty ruled over a largely Lutheran Population and nobility as well as a significant Catholic minority.

Christian Thomasius (1655–1728) was a German philosopher and legal theorist.

Thomas Ahnert is a Senior Lecturer in History at the University of Edinburgh.

Frank Grunert is Scientific Collaborator at the Institut für Deutsche Philologie, Ludwig-Maximilians Universität, Munich.

INSTITUTES OF DIVINE JURISPRUDENCE, WITH SELECTIONS FROM FOUNDATIONS OF THE LAW OF NATURE AND NATIONS

By Christian Thomasius

Edited, Translated, and with an Introduction by Thomas Ahnert

↑hristian Thomasius's natural ✓ jurisprudence is essential to understanding the origins of the Enlightenment in Germany. First published in 1688, Thomasius's Institutiones jurisprudentiae divinae (Institutes of Divine Jurisprudence) attempted to draw a clear distinction between natural and revealed law and to emphasize that human reason was able to know the precepts of natural law without the aid of Scripture. Thomasius also argued that his orthodox Lutheran opponents had failed to understand this distinction and thereby had confused reason and Scripture.

EDUCATION FOR LIFE

Correspondence and Writings on Religion and Practical Philosophy

By George Turnbull

Edited and with an Introduction by M. A. Stewart and Paul Wood

Texts translated from the Latin by Michael Silverthorne

In a distinctive voice, Turnbull presented natural-law theory "scientifically," harnessed the arts to promote moral and civil virtue, and extolled reason as the foundation of liberty. This rare material includes two Aberdeen graduation theses, three tracts on religion, various writings on education, art and the correspondence of Turnbull.

George Turnbull (1698–1748) was a key figure in the Scottish Enlightenment.

M. A. Stewart is Professor Emeritus of the History of Philosophy at Lancaster University and a Senior Research Fellow at Harris Manchester College, Oxford.

Paul Wood is a Professor of History at the University of Victoria.

THE PRINCIPLES OF MORAL AND CHRISTIAN PHILOSOPHY

In Two Volumes

By George Turnbull

Edited and with an Introduction by Alexander Broadie

The Principles of Moral and Christian Philosophy presents the first masterpiece of Scottish Common Sense philosophy. This two-volume treatise is important for its wide range of insights about the nature of the human mind, the foundations of morals, and the relationship between morality and religion.

Alexander Broadie is Professor of Logic and Rhetoric at the University of Glasgow.

OBSERVATIONS UPON LIBERAL EDUCATION

By George Turnbull

Edited and with an Introduction by Terrence O. Moore, Jr.

riginally published in 1742, Observations upon Liberal Education is a significant contribution to the Scottish Enlightenment and the moral-sense school of Scottish philosophy, in which Turnbull applies the ideas of the Scottish Enlightenment to the education of youth.

George Turnbull (1698–1748) taught philosophy at Marischal College.

Terrence O. Moore, Jr., is Principal of Ridgeview Classical Schools in Fort Collins, Colorado, and was formerly Assistant Professor of History at Ashland University in Ohio.

THE LAW OF NATIONS

By Emer de Vattel

Edited and with an Introduction by Béla Kapossy and Richard Whatmore

The significance of *The Law of Nations* resides in its distillation from natural law of an apt model for international conduct of state affairs that carried conviction in both the Old Regime and the new political order of 1789–1815.

The Liberty Fund edition is based on the anonymous English translation of 1797, which includes Vattel's notes for the second French edition (posthumous, 1773).

Emer de Vattel (1714–1767) was a Swiss philosopher and jurist in the service of Saxony.

Béla Kapossy is Professeur Suppléant of History at the University of Lausanne.

Richard Whatmore is a Reader in Intellectual History at the University of Sussex.

THE HISTORY OF ENGLAND

From the Invasion of Julius Caesar to the Revolution in 1688 Six-Volume Series

By David Hume

Foreword by William B. Todd

"Hume's History deserves to be ranked with such works as Thucydides' History of the Peloponnesian War and Gibbon's Decline and Fall of the Roman Empire."

—The Political Science Reviewer

David Hume's enduring reputation as the first modern thinker to develop a systematically naturalistic philosophy tends to obscure the fact that he was more famous among his contemporaries as a historian. Covering almost 1,800 years, *The History of England from the Invasion of Julius Caesar to the Revolution in 1688* was the work that established Hume's reputation in his own time.

Hume saw English history as a process of the evolution from a government of will to a government of law. He believed that political, social, and economic liberty was neither inevitable nor necessary, but contingent and dependent for its preservation on an understanding of the conditions that gave rise to it and the institutional arrangements that sustain it. This argument, which runs through all six volumes, expressed in Hume's masterful prose, continues to make the *History* a valuable study for the modern reader.

This Liberty Fund edition is based on the edition of 1778, the last to contain corrections by Hume. The typography has been modernized for ease of reading. Hume's own index to the entire work may be found at the conclusion of *Volume VI*.

David Hume (1711–1776) was a moral philosopher and historian and a leading member of the Scottish Enlightenment.

THE CRISIS OF THE SEVENTEENTH CENTURY

Religion, the Reformation, and Social Change

By Hugh Trevor-Roper

The Crisis of the Seventeenth Century collects nine essays by Trevor-Roper on the themes of religion, the Reformation, and social change.

In his longest essay, "The European Witch-craze of the Sixteenth and Seventeenth Centuries," Trevor-Roper points out that "in England the most active phase of witch-hunting coincided with times of Puritan pressure—the reign of Queen Elizabeth and the period of the civil wars—and some very fanciful theories have been built on this coincidence. But . . . the persecution of witches in England was trivial compared with the experience of the Continent and of Scotland. Therefore . . . [one must examine] the craze as a whole, throughout Europe, and [seek] to relate its rise, frequency, and decline to the general intellectual and social movements of the time."

Trevor-Roper acknowledges that the belief in witches, and the persecution of people believed to be witches, may be, to some at least, "a disgusting subject, below the dignity of history." However, he goes on, "[I]t is also a historical fact, of European significance, and its rise precisely in the years of the Renaissance and Reformation is a problem which must be faced by anyone who is tempted to overemphasize the 'modernity' of that period."

Hugh Trevor-Roper, Lord Dacre, (1914–2003) was Regius Professor of Modern History at the University of Oxford.

THE HISTORY OF CIVILIZATION IN EUROPE

By François Guizot
Translated by William Hazlitt
Edited and with an Introduction by
Larry Siedentop

riginally given as a series of lectures at the Sorbonne, François Guizot's *History of Civilization in Europe* was published to great acclaim in 1828 and is now regarded as a classic in modern historical analysis. The *History* was particularly influential on Karl Marx, John Stuart Mill, and Alexis de Tocqueville. Tocqueville, in fact, requested that a copy of the *History* be sent to him when he arrived in the United States.

This volume offers what Guizot himself describes as a "philosophic history" of Europe, one which searches for the underlying general causes and effects of particular events. Guizot considers European civilization in its broadest senses, encompassing not merely political, economic, and social structures, but also the ideas, faculties, and sentiments of "man himself." Guizot understood a two-way relationship between external conditions (i.e., social, political, and economic conditions) and the inner man: external conditions affect the inner man, whose moral and intellectual development eventually shapes social and other external conditions.

François Guizot (1787–1874) was a French historian, political philosopher, and politician.

Larry Siedentop was educated at Hope College, Harvard, and Oxford. He is Emeritus Fellow of Keble College, Oxford, and was for many years faculty lecturer in political thought in the university. His publications include *The Nature of Political Theory, Tocqueville*, and most recently, *Democracy in Europe*.

THE HISTORY OF THE ORIGINS OF REPRESENTATIVE GOVERNMENT IN EUROPE

By François Guizot

Translated by Andrew R. Scoble Introduction by Aurelian Craiutu

The French political philosopher and historian François Guizot (1787–1874) was one of the French Doctrinaires, thinkers who sought to avoid the interpretations of the Revolution advanced by either extreme of Left or Right. He argued that in order to understand the nature of political institutions it is necessary to study first the society, its composition, mores, and the relation between various classes. At the very center of his theory lies the principle of the sovereignty of reason.

Aurelian Craiutu, Professor of Political Science at Indiana University, writes in the Introduction: "A cursory look at the table of contents shows the originality of this unusual book: it combines lengthy narrative chapters full of historical details with theoretical chapters in which Guizot reflects on the principles, goals, and institutions of representative government." The first part of the book covers the period from the fifth to the eleventh centuries and such topics as the "true" principles of representative government and the origin and consequences of the sovereignty of the people. The second part spans the Norman Conquest to the reign of the Tudors in England and analyzes the architecture of the English Constitutional monarchy.

Aurelian Craiutu is Professor in the Department of Political Science at Indiana University, Bloomington.

SELECT WORKS OF EDMUND BURKE

A New Imprint of the Payne Edition In Three Volumes, and

MISCELLANEOUS WRITINGS

Compiled and with a Foreword and Notes by Francis Canavan

his famed Payne edition of **Select Works of Edmund Burke** is universally revered by students of English history and political thought. Volume 1 contains Burke's brilliant defense of the American colonists' complaints of British policy, including "Thoughts on the Cause of the Present Discontents" (1770), "Speech on American Taxation" (1774), and "Speech on Conciliation" (1775). Volume 2 consists of Burke's renowned Reflections on the Revolution in France. Volume 3 presents Burke's Four Letters on the Proposals for Peace with the Regicide Directory of France—generally styled Letters on a Regicide Peace (1795-1796). The Letters, Payne believed, deserve to "rank even before [Burke's] **Reflections**, and to be called the writer's masterpiece." Faithfully reproduced in each volume are E. J. Payne's notes and introductory essays. Francis Canavan, one of the great Burke scholars of the twentieth century, has added forewords and a biographical note on Payne.

In the companion volume Miscellaneous Writings, Canavan has collected seven of Burke's major contributions to English political thinking on representation in Parliament, on economics, on the political oppression of the peoples of India and Ireland, and on the enslavement of African blacks. The volume concludes with a select bibliography on Edmund Burke.

Francis Canavan (1917–2009) was Professor of Political Science at Fordham University from 1966 until his retirement in 1988.

FURTHER REFLECTIONS ON THE REVOLUTION IN FRANCE

By Edmund Burke

Edited by Daniel E. Ritchie

T n his famous **Reflections on the Revolution in France** (1790), Edmund Burke excoriated French revolutionary leaders for recklessly destroying France's venerable institutions and way of life. But his war against the French intelligentsia did not end there, and Burke continued to take pen in hand against the Jacobins until his death in 1797. This collection brings together for the first time in unabridged form Burke's writings on the French Revolution that anticipate, refine, and summarize the works in his famous Reflections on the Revolution in France. There are seven items in the collection. Included are "Letter to a Member of the National Assembly," "Appeal from the New to the Old Whigs," and "A Letter to a Noble Lord." A foreword and headnotes to each selection point the reader to some of the key issues.

Daniel E. Ritchie is Professor of English Literature at Bethel College.

JUDGMENTS ON HISTORY AND HISTORIANS

By Jacob Burckhardt Translated by Harry Zohn

Foreword by Alberto R. Coll

enowned for his Civilization of the Renaissance in Italy and Reflections on History, Jacob Burckhardt (1818-1897) has well been described as "the most civilized historian of the nineteenth century." Judgments on History and Historians consists of records collected by Emil Dürr from Burckhardt's lecture notes for history courses at the University of Basel from 1865 to 1885. The 149 brief sections span five eras: Antiquity, the Middle Ages, History from 1450 to 1598, the History of the Seventeenth and Eighteenth Centuries, and the Age of Revolution.

SELECTED WRITINGS OF LORD ACTON

Three-Volume Series

By John Emerich Edward Dalberg-Acton Edited by J. Rufus Fears

ord Acton was among the most illustrious historians of nineteenth-century England, a man of great learning with a deep devotion to individual liberty and a profound understanding of history. Liberty Fund is proud to offer the most complete collection of Acton essays ever published.

Volume I: Essays in the History of Liberty

Included are his two famous essays on the history of freedom ("The History of Freedom in Antiquity" and "The History of Freedom in Christianity") as are writings on the tradition of liberty in England, America, and Europe.

Volume II: Essays in the Study and Writing of History

Volume II brings together Acton's distinguished writings on history. Included is his famous Inaugural Lecture at Cambridge, "The Study of History."

Volume III: Essays in Religion, Politics, and Morality

Included are three important essays, "Human Sacrifice," "George Eliot's Life," and "Buckle's Philosophy of History." Nearly two hundred pages of excerpts from Acton's remarkable letters and unpublished notes are also included.

Lord Acton (1834–1901) was one of the great historians of the Victorian Period and one of the greatest classical liberal historians of all time.

J. Rufus Fears has taught classical history at Indiana University, Boston University, and the University of Oklahoma

LECTURES ON THE FRENCH REVOLUTION

By John Emerich Edward Dalberg-Acton Foreword by Stephen J. Tonsor

This collection of the lectures of Lord Acton on the French Revolution comprises a disciplined, thorough, and elegant history of the actual events of the bloody episode. It is as thorough a record as could be constructed in Acton's time of the actions of the government of France during the Revolution.

Delivered at Cambridge University between 1895 and 1899, *Lectures on the French Revolution* is a distinguished account of the entire epochal chapter in French experience by one of the most remarkable English historians of the nineteenth century. In contrast to Burke a century before, Acton is not concerned with condemning the Revolution, but in providing an accurate history of its advent, its bloody action, and its aftermath.

There are twenty-two essays in the collection, commencing with "The Heralds of the Revolution," in which Acton presents a taxonomy of the intellectual ferment that preceded and prepared the Revolution. An important appendix explores "The Literature of the Revolution," offering assessments of the accounts of the Revolution written during the late eighteenth and nineteenth centuries by, among others, Burke, Guizot, and Taine.

Stephen J. Tonsor is Professor Emeritus in History at the University of Michigan. He is a longtime student of the history of Germany and of Lord Acton.

2000. $5\% \times 8\%$. 395 pages. Preface, foreword, index. Cloth. ISBN 978-0-86597-268-1. \$24.00 / £19.95 / C\$32.50. Paperback. ISBN 978-0-86597-269-8. \$14.50 / £10.95 / C\$19.50.

HISTORY AS THE STORY OF LIBERTY

By Benedetto Croce Translated by Sylvia Sprigge Foreword by Claes G. Ryn

enedetto Croce (1866–1952), who Dis perhaps best known as the author in 1902 of Aesthetics, wrote History as the Story of Liberty in 1938, when the Western world had succumbed to the notion that history is a creature of blind force. A reviewer at the time noted the importance of Croce's belief that "the central trend in the evolution of man is the unfolding of new potentialities, and that the task of the historian is to discover and emphasize this trend: the story of liberty." As Croce himself writes, "Even in the darkest and crassest times liberty trembles in the lines of poets and affirms itself in the pages of thinkers and burns, solitary and magnificent, in some men who cannot be assimilated by the world around them." The first edition in English of History as the Story of Liberty appeared in London in 1941. The Liberty Fund edition includes modest improvements to the translation by Folke Leander and

Claes G. Ryn is Professor of Politics at the Catholic University of America.

arranged by Claes Ryn.

THE EVOLUTION OF CIVILIZATIONS

An Introduction to Historical Analysis

By Carroll Quigley

Foreword by Harry J. Hogan

Selective Bibliography by William Marina

"The only book that improves on and develops Toynbee's work. . . . The very best work of its kind I have read in a very long time."

-Crane Brinton, Harvard University

arroll Quigley was a legendary teacher at the Georgetown School of Foreign Service. His course on the history of civilization was extraordinary in its scope and in its impact on students.

Like the course, *The Evolution of Civilizations* is a comprehensive and perceptive look at the factors behind the rise and fall of civilizations. Quigley examines the application of scientific method to the social sciences, then establishes his historical hypotheses. He poses a division of culture into six levels from the abstract to the more concrete. He then tests those hypotheses by a detailed analysis of five major civilizations: the Mesopotamian, the Canaanite, the Minoan, the classical, and the Western.

Quigley defines a civilization as "a producing society with an instrument of expansion." A civilization's decline is not inevitable but occurs when its *instrument* of expansion is transformed into an *institution*—that is, when social arrangements that meet real social needs are transformed into social institutions serving their own purposes regardless of real social needs.

2003. 6×9 . 634 pages. Preface, translator's note, appendix, index. Quality paperback. ISBN 978-0-86597-413-5. \$12.00 + £8.95 / \$16.25.

CHRISTIANITY AND CLASSICAL CULTURE

A Study of Thought and Action from Augustus to Augustine

By Charles Norris Cochrane

"A thoughtful, insightful, informative examination of the contrast and sometimes clash between the classical era's culture and struggle to understand the world in purely rational terms, and the completely new understanding of the world developed and spread by Christianity."

—The Midwest Book Review

hristianity and Classical Culture is considered one of the great works of scholarship published in the last century. The theme of Christianity and Classical Culture is the fundamental change in thought and action that occurred from the reign of Augustus to the time of Augustine. The classical world sought to practice politics and understand the world in purely rational terms, but the difficulties of this program were already evident as Christianity began developing a completely new understanding of the human world. It is from this revolution in ideas that our modern world was forged.

W. H. Auden wrote of an earlier edition in *The New Republic*: "Since the appearance of the first edition in 1940, I have read this book many times, and my conviction of its importance to the understanding not only of the epoch with which it is concerned, but also of our own, has increased with each rereading."

Charles Norris Cochrane (1889–1945) was educated at the University of Toronto and Oxford (Corpus Christi College) and taught at the University of Toronto.

RATIONAL MAN

A Modern Interpretation of Aristotelian Ethics

By Henry Babcock Veatch

With a Preface and Annotated Bibliography by Douglas B. Rasmussen

"In the course of his argument, Veatch (1911–1999) considers a broad range of topics including Socrates' challenge, the role of rationality, failure and unhappiness, moral luck, the death of God, and existentialism."

—Book News, Inc.

Forty years after its original publication, Liberty Fund brings back into print Henry Veatch's path-breaking popular presentation of virtue ethics. This modern interpretation of Aristotelian ethics is a natural for undergraduate philosophy courses as well as an engaging work for the expert and the beginner alike.

Veatch argues for the existence of ethical knowledge, and he reasons that this knowledge is grounded in human nature. Yet he contends that the moral life is not merely one of following rules or recipes, nor is human well-being something simple. Rather, the moral life, which Veatch calls "rational or intelligent living," is the life of practical wisdom where individual judgment of the particular and the contingent is paramount. Veatch's Rational Man offers a pluralistic understanding of human well-being without lapsing into moral relativism. For those interested in morality and liberty, Rational Man offers fertile ground for developing an account of free and responsible persons.

Henry Babcock Veatch (1911–1999) was born in Evansville, Indiana, and he taught at Georgetown, Indiana University, Northwestern, Haverford, and the University of Minnesota.

Douglas B. Rasmussen is Professor of Philosophy at St. John's University in New York City. He is coauthor of *Liberty and Nature: An Aristotelian Defense of Liberal Order* and *Liberalism Defended: The Challenge of Post-Modernity.*
